III. Description of Programs and Potential Disclosure of Information Claimed as CBI to Contractors.

EPA’s OECA has responsibility for protecting public health and the environment by regulating air pollution from motor vehicles, engines, and the fuels used to operate them, and by encouraging travel choices that minimize emissions. In order to implement various Clean Air Act programs, and to give regulated entities flexibility in meeting regulatory requirements (e.g., compliance on average), OECA collects compliance reports and other information from the
regulated industry. Occasionally, the information submitted to, or obtained by, EPA, is claimed to be CBI by persons submitting data to EPA. Information submitted under such a claim is handled in accordance with EPA’s regulations at 40 CFR part 2, subpart B, and in accordance with EPA procedures that are consistent with those regulations. When EPA has determined that disclosure of information claimed as CBI to EPA contractors or subcontractors is necessary, the corresponding contract must address the appropriate use and handling of the information by the EPA contractor and subcontractor and the EPA contractor and subcontractor must require its personnel who require access to information claimed as CBI to sign written non-disclosure agreements before they are granted access to data.

On May 29, 2019, EPA provided notice in the Federal Register of, and an opportunity to comment on, EPA’s determination that subcontractors to EPA contractor Eastern Research Group, Incorporated, (ERG) 14555 Avion Parkway, Suite 200, Chantilly, VA, 20151, required access to CBI submitted to EPA under section 114 of the CAA, section 208 of the CAA, and the APPS for the work ERG subcontractors would be conducting under Contract Number 68HERH19C0004. See Access by United States Environmental Protection Agency (EPA) Subcontractors to Information Claimed as Confidential Business Information (CBI) Submitted under Clean Air Act (CAA), Title I, Programs and Activities Air, and Title II Emission Standards for Moving Sources, and Act To Prevent Pollution From Ships (APPS), 84 Federal Register 103 (May 29, 2019). In accordance with 40 CFR 2.301(h), EPA has now determined that the subcontractor Blum, Shapiro and Company, P.C. (Blum Shapiro) also requires access to CBI submitted to EPA under section 114 of the CAA, section 208 of the CAA, and the APPS, and we are providing notice and an opportunity to comment on Blum Shapiro’s access to information claimed as CBI. OECA collects this data in order to monitor compliance with
regulations promulgated under the CAA Title II Emission Standards for Moving Sources, the APPS, and the International Convention for the Prevention of Pollution from Ships (MARPOL), Annex VI. We are issuing this Federal Register document to inform all affected submitters of information that we plan to grant access to material that may be claimed as CBI to the subcontractor Blum Shapiro on a need-to-know basis.

Under Contract Number 68HERH19C0004, ERG provides enforcement support for EPA’s CAA mobile source regulatory and enforcement activities, including field inspections, investigations, audits, and other CAA regulatory and enforcement support that involve access to information claimed as CBI. ERG also employs subcontractors, who support these activities, under the above-listed contract. The subcontractor Blum Shapiro requires access to information claimed as CBI to support EPA enforcement activities described above. Access to data, including information claimed as CBI, will commence six days after the date of publication of this document in the Federal Register, and will continue until March 1, 2024. If the contract and associated subcontracts are extended, this access will continue for the remainder of the ERG contract without further notice. If the contract expires prior to March 1, 2024, the access will cease at that time. If ERG employs additional subcontractors to support EPA on a regular basis or on a limited or one-time basis under the above-listed contract, and those subcontractors require access to CBI, EPA will notify affected companies of the contemplated disclosure and provide them with an opportunity to comment by either sending them a letter or by publishing an additional document in the Federal Register.

Parties who wish to obtain further information about this Federal Register document, or about OECA’s disclosure of information claimed as CBI to subcontractors, may contact the person listed under FOR FURTHER INFORMATION CONTACT.

Phillip A. Brooks,

Director, Air Enforcement Division.
