Steel Concrete Reinforcing Bar from the Republic of Turkey: Final Results of the Expedited First Sunset Review of the Countervailing Duty Order

AGENCY: Enforcement and Compliance, International Trade Administration, Department of Commerce

SUMMARY: As a result of this expedited sunset review, the Department of Commerce (Commerce) finds that revocation of the countervailing duty order on steel concrete reinforcing bar (rebar) from the Republic of Turkey (Turkey) would be likely to lead to continuation or recurrence of countervailable subsidies at the levels as indicated in the “Final Results of Sunset Review” section of this notice.

DATES: Applicable [INSERT DATE OF PUBLICATION IN THE FEDERAL REGISTER].

SUPPLEMENTARY INFORMATION:

Background

On November 6, 2014, Commerce published the countervailing duty order on rebar from Turkey in the Federal Register. On October 1, 2019, Commerce published the notice of initiation of the first five-year (sunset) review of the Order, pursuant to section 751(c) of the

Tariff Act of 1930, as amended (the Act). On October 16, 2019, Commerce received a notice of intent to participate from the Rebar Trade Action Coalition (RTAC) and its individual members (collectively, the domestic interested parties), within the deadline specified in 19 CFR 351.218(d)(1)(i). The domestic interested parties claimed interested party status under section 771(9)(F) of the Act as an association, a majority of whose members are composed of interested parties within the meaning of section 771(9)(C) – a manufacturer of the domestic like product.

On October 30, 2019, Commerce received adequate substantive responses to the Notice of Initiation from the domestic interested parties and the Government of Turkey (GOT) within the 30-day deadline specified in 19 CFR 351.218(d)(3)(i). Commerce received no substantive response from any respondent interested parties.

On November 22, 2019, Commerce notified the U.S. International Trade Commission (ITC) that it did not receive an adequate substantive response from respondent interested parties. Accordingly, pursuant to section 751(c)(3)(B) of the Act and 19 CFR 351.218(e)(1)(ii)(C)(2), Commerce conducted an expedited (120-day) sunset review of the Order.

Scope of the Order

The merchandise covered by the Order is steel concrete reinforcing bar imported in either straight length or coil form (rebar) regardless of metallurgy, length, diameter, or grade. The

Specifically excluded are plain rounds (i.e., non-deformed or smooth rebar). Also excluded from the scope is deformed steel wire meeting ASTM A1064/A1064M with no bar markings (e.g., mill mark, size, or grade) and without being subject to an elongation test. HTSUS numbers are provided for convenience and customs purposes; however, the written description of the scope remains dispositive.
