AGENCY: Enforcement and Compliance, International Trade Administration, Department of Commerce.

SUMMARY: The Department of Commerce (Commerce) finds that revocation of the countervailing duty (CVD) order on chlorinated isocyanurates from the People’s Republic of China (China) would be likely to lead to the continuation or recurrence of a countervailable subsidy at the levels indicated in the “Final Results of Sunset Review” section of this notice.

DATES: Applicable [Insert date of publication in the Federal Register].

SUPPLEMENTARY INFORMATION:

Background

On November 13, 2014, Commerce published in the Federal Register the CVD order on chlorinated isocyanurates from China.¹ On October 1, 2019, Commerce published the notice of initiation of the first sunset review of the CVD order on chlorinated isocyanurates from China.

pursuant to section 751(c) of the Tariff Act of 1930, as amended (the Act). On October 16, 2019, Commerce received a timely notice of intent to participate from Bio-Lab, Inc., Clearon Corp., and Occidental Chemical Corporation (domestic interested parties). Each of the companies claimed interested party status under section 771(9)(C) of the Act, as domestic producers of chlorinated isocyanurates. On October 31, 2019, Commerce received a timely and adequate substantive response from the domestic interested parties.

On November 22, 2019, Commerce notified the U.S. International Trade Commission that it did not receive an adequate substantive response from respondent interested parties. As a result, pursuant to 751(c)(3)(B) of the Act and 19 CFR 351.218(e)(1)(ii)(C)(2), Commerce conducted an expedited (120-day) sunset review of the CVD order on chlorinated isocyanurates from China.

The products covered by the order are chlorinated isocyanurates. For a full description of the scope, see the Issues and Decision Memorandum.
