Overview of this information collection:

- 1 *Type of Information Collection:* Extension of a currently approved collection.
- 2 *The Title of the Form/Collection:* Registration Statement (Foreign Agents).
- 3 *The agency form number, if any, and the applicable component of the Department sponsoring the collection:* The form number is **NSD-1**. The applicable component within the Department of Justice is the Foreign Agents Registration Act (FARA Unit), Counterintelligence and Export Control Section, in the National Security Division.
- 4 *Affected public who will be asked or required to respond, as well as a brief abstract:*

Primary: Private Sector, Business or other for-profit, Not-for-profit institutions, and individuals. The form contains Registration Statement information used for registering foreign agents under the Foreign Agents Registration Act of 1938, as amended, 22 U.S.C. § 611 *et seq.*, (FARA).

- 5 *An estimate of the total number of respondents and the amount of time estimated for an average respondent to respond:* Based on the projected increases in registrations from 2017 to 2020, an estimated 140 new registrants will complete Form NSD-1 (OMB 1124-0001). Based on sample testing, each respondent will need .75 hours to complete the form, which takes into consideration the improved e-File 4.0 webform features. The following factors were considered when creating the burden estimate: the estimated total number of respondents, the intuitive online FARA e-File registration process, and the prior collection of the necessary data to accurately complete the filing. NSD estimates that all of the approximately 140 respondents will fully complete the form.
- 6 *An estimate of the total public burden (in hours) associated with the collection:* The estimated public burden associated with this collection is 105 annual burden hours. It is estimated that respondents will take .75 hours to complete the form. (140 respondents × .75 hours = 105 annual burden hours).
- 7 Beginning September 23, 2019, NSD completed its ongoing multi-year design review, testing, and requirements enhancement efforts under the FARA e-File 4.0 initiative to a level where it began to rollout initial capabilities for new registrants only. NSD continues to make progress in enhancing the functionality of FARA e-File and Form NSD-1.
