SUPPLEMENTARY INFORMATION: This ICR seeks approval under the PRA for revisions to the Provider Enrollment Form (Form OWCP-1168). The form requests profile information on providers that enroll in one or more of OWCP's benefit programs so its billing contractor can pay them for services rendered to beneficiaries using its automated bill processing system. In addition to the enrollment form information collection, the OWCP bill processing contractor currently collects electronic data interchange (EDI) information from the provider only if the provider chooses a data exchange submission method. Once the new OWCP-1168 form is in place, the existing EDI template will no longer be applicable. The current EDI template collects information that is duplicative to information collected on Form OWCP-1168, such as names, addresses, and NPI. Collecting EDI information with the enrollment information in one form will improve efficiency in collecting the information from providers, reduce the time required for processing by operational staff, and will significantly reduce errors.
associated with mismatching provider enrollments to their EDI information. This information collection will be submitted to OMB under the emergency processing request procedures, as outlined by 5 C.F.R. Part 1320 Section 13, to allow for implementation of the revisions to the Provider Enrollment Form as soon as possible, and to incorporate regulatory updates implementing the Black Lung benefits Act which becomes applicable on April 26, 2020. Once OMB has approved the emergency processing request, a separate 60-day Federal Register Notice will be published to again solicit public comments.

This information collection is subject to the PRA. A Federal agency generally cannot conduct or sponsor a collection of information, and the public is generally not required to respond to an information collection, unless it is approved by the OMB under the PRA and displays a currently valid OMB Control Number. In addition, notwithstanding any other provisions of law, no person shall generally be subject to penalty for failing to comply with a collection of information that does not display a valid Control Number. See 5 CFR 1320.5(a) and 1320.6.

Interested parties are encouraged to send comments to the OMB, Office of Information and Regulatory Affairs at the address shown in the ADDRESSES section within thirty (30) days of publication of this notice in the Federal Register. In order to help ensure appropriate consideration, comments should mention OMB Control Number 1240-0021. The OMB is particularly interested in comments that:

- Evaluate whether the proposed collection of information is necessary for the proper performance of the functions of the agency, including whether the information will have practical utility;
● Evaluate the accuracy of the agency’s estimate of the burden of the proposed collection of information, including the validity of the methodology and assumptions used;

● Enhance the quality, utility, and clarity of the information to be collected; and

● Minimize the burden of the collection of information on those who are to respond, including through the use of appropriate automated, electronic, mechanical, or other technological collection techniques or other forms of information technology, e.g., permitting electronic submission of responses.
