DEPARTMENT OF HOMELAND SECURITY

Federal Emergency Management Agency

44 CFR Part 64

[Docket ID FEMA-2020-0005; Internal Agency Docket No. FEMA-8619]

Suspension of Community Eligibility

AGENCY: Federal Emergency Management Agency, DHS.

ACTION: Final rule.

SUMMARY: This rule identifies communities where the sale of flood insurance has been authorized under the National Flood Insurance Program (NFIP) that are scheduled for suspension on the effective dates listed within this rule because of noncompliance with the floodplain management requirements of the program. If the Federal Emergency Management Agency (FEMA) receives documentation that the community has adopted the required floodplain management measures prior to the effective suspension date given in this rule, the suspension will not occur and a notice of this will be provided by publication in the Federal Register on a subsequent date. Also, information identifying the current participation status of a community can be obtained from FEMA’s Community Status Book (CSB). The CSB is available at https://www.fema.gov/national-flood-insurance-program-community-status-book.

EFFECTIVE DATES: The effective date of each community’s scheduled suspension is the third date (“Susp.”) listed in the third column of the following tables.

FOR FURTHER INFORMATION: If you want to determine whether a particular community was suspended on the suspension date or for further information, contact
SUPPLEMENTARY INFORMATION: The NFIP enables property owners to purchase Federal flood insurance that is not otherwise generally available from private insurers. In return, communities agree to adopt and administer local floodplain management measures aimed at protecting lives and new construction from future flooding. Section 1315 of the National Flood Insurance Act of 1968, as amended, 42 U.S.C. 4022, prohibits the sale of NFIP flood insurance unless an appropriate public body adopts adequate floodplain management measures with effective enforcement measures. The communities listed in this document no longer meet that statutory requirement for compliance with program regulations, 44 CFR part 59. Accordingly, the communities will be suspended on the effective date in the third column. As of that date, flood insurance will no longer be available in the community. We recognize that some of these communities may adopt and submit the required documentation of legally enforceable floodplain management measures after this rule is published but prior to the actual suspension date. These communities will not be suspended and will continue to be eligible for the sale of NFIP flood insurance. A notice withdrawing the suspension of such communities will be published in the Federal Register.

In addition, FEMA publishes a Flood Insurance Rate Map (FIRM) that identifies the Special Flood Hazard Areas (SFHAs) in these communities. The date of the FIRM, if one has been published, is indicated in the fourth column of the table. No direct Federal financial assistance (except assistance pursuant to the Robert T. Stafford Disaster Relief
and Emergency Assistance Act not in connection with a flood) may be provided for
construction or acquisition of buildings in identified SFHAs for communities not
participating in the NFIP and identified for more than a year on FEMA’s initial FIRM for
the community as having flood-prone areas (section 202(a) of the Flood Disaster Protection
Act of 1973, 42 U.S.C. 4106(a), as amended). This prohibition against certain types of
Federal assistance becomes effective for the communities listed on the date shown in the
last column. The Administrator finds that notice and public comment procedures under
5 U.S.C. 553(b), are impracticable and unnecessary because communities listed in this final
rule have been adequately notified.

Each community receives 6-month, 90-day, and 30-day notification letters
addressed to the Chief Executive Officer stating that the community will be suspended
unless the required floodplain management measures are met prior to the effective
suspension date. Since these notifications were made, this final rule may take effect within
less than 30 days.

National Environmental Policy Act. FEMA has determined that the community
suspension(s) included in this rule is a non-discretionary action and therefore the
National Environmental Policy Act of 1969 (42 U.S.C. 4321 et seq.) does not
apply.

Regulatory Flexibility Act. The Administrator has determined that this rule is exempt from
the requirements of the Regulatory Flexibility Act because the National Flood Insurance
Act of 1968, as amended, Section 1315, 42 U.S.C. 4022, prohibits flood insurance
coverage unless an appropriate public body adopts adequate floodplain management
measures with effective enforcement measures. The communities listed no longer comply
with the statutory requirements, and after the effective date, flood insurance will no longer be available in the communities unless remedial action takes place.

**Regulatory Classification.** This final rule is not a significant regulatory action under the criteria of section 3(f) of Executive Order 12866 of September 30, 1993, Regulatory Planning and Review, 58 FR 51735.

**Executive Order 13132, Federalism.** This rule involves no policies that have federalism implications under Executive Order 13132.

**Executive Order 12988, Civil Justice Reform.** This rule meets the applicable standards of Executive Order 12988.

**Paperwork Reduction Act.** This rule does not involve any collection of information for purposes of the Paperwork Reduction Act, 44 U.S.C. 3501 et seq.
