Parties may submit confidential information in relation pursuant to a protective order. Also, respondents may request materials or information submitted to the Commission or to the Administrator believed confidential to be withheld from public inspection under 47 C.F.R. § 0.459 of the FCC’s rules.

The Commission has received OMB approval for most of the information collections required by these orders.

More recently, through several orders, the Commission has changed or modified reporting obligations for high-cost support. In the CAF Phase II Auction Order, the Commission adopted rules requiring Connect America Phase II auction support recipients to certify the networks they operated in the prior year met the Commission’s performance requirements, to identify the total amount of support, if any, that was used for capital expenditures in the previous calendar year, and to certify they have available funds for all project costs that will exceed the amount of support to be received from the authorization stemming from the Phase II auction for the next calendar year. Connect America Fund, et al., WC Docket No. 10-90, et al., Report and Order and Further Notice of Proposed Rulemaking, 31 FCC Rcd 5949 (2016) (CAF Phase II Auction Order).

In the New York Waiver Order, the Commission extended to New York carriers who receive Connect America Phase II support in conjunction with the state’s New NY Broadband Program the same annual reporting requirements adopted for Phase II auction recipients, as well as the requirement for the state public service commission to certify annually that those carriers’ high cost support “was used in the preceding calendar year and will be used in the coming calendar year only for the provision, maintenance, and upgrading of facilities and services for which the support is intended.” Connect America Fund; ETC Annual Reports and Certifications, WC Docket Nos. 10-90, 14-58, Order, 32 FCC Rcd 968 (2017) (New York Waiver Order).
In the December 2018 Rate-of-Return Order, the Commission modified the reasonable request
certification rule applicable to rate-of-return ETCs to (1) require Connect America Fund-Alternative
Connect America Cost Model (CAF-ACAM) support recipients to certify that they are meeting the
relevant reasonable request standard and (2) require rate-of-return ETCs receiving legacy high-cost
support to certify that they are meeting a 25 Mbps/3 Mbps reasonable request standard. Connect America
Fund et al., WC Docket No. 10-90 et al., Report and Order, Further Notice of Proposed Rulemaking, and
Order on Reconsideration, FCC 18-176, at 19-20, para. 17 (Dec. 13, 2018) (December 2018 Rate-of-
Return Order). See also 47 CFR § 54.313(f)(1)(i).

In the CAF Phase II Transitions Order, the Commission adopted rules requiring price cap or fixed
competitive eligible communications carriers receiving phase-down support to certify that the phase-
down support they received in the previous year was used to provide voice service to high-cost and
extremely high-cost census blocks where they continue to have federal obligation to provide such
services. Connect America Fund, WC Docket 10-90, Report and Order, FCC 19-8, at 11, para. 25 (Feb.
15, 2019).

The Commission therefore proposes to revise this information collection, as well as Form 481 and its
accompanying instructions, to reflect these new and revised requirements. We also propose to increase
the burdens associated with existing reporting requirements to account for additional carriers that will be
subject to those requirements.

Federal Communications Commission.
