Notice is hereby given that, pursuant to the Paperwork Reduction Act of 1995 (44 U.S.C. 3501-3520), the Securities and Exchange Commission (“Commission”) has submitted to the Office of Management and Budget a request for extension of the previously approved collection of information discussed below.

Section 17(d) (15 U.S.C. 80a-17(d)) of the Investment Company Act of 1940 (“Act”) authorizes the Commission to adopt rules that protect funds and their security holders from overreaching by affiliated persons when the fund and the affiliated person participate in any joint enterprise or other joint arrangement or profit-sharing plan. Rule 17d-1 under the Act (17 CFR 270.17d-1) prohibits funds and their affiliated persons from participating in a joint enterprise, unless an application regarding the transaction has been filed with and approved by the Commission. Paragraph (d)(3) of the rule provides an exemption from this requirement for any loan or advance of credit to, or acquisition of securities or other property of, a small business concern, or any agreement to do any of the foregoing (“investments”) made by a small business investment company (“SBIC”) and an affiliated bank, provided that reports about the investments are made on forms the Commission may prescribe. Rule 17d-2 (17 CFR 270.17d-2)
designates Form N-17D-1 (17 CFR 274.200) (“form”) as the form for reports required by rule 17d-1.

SBICs and their affiliated banks use form N-17D-1 to report any contemporaneous investments in a small business concern. The form provides shareholders and persons seeking to make an informed decision about investing in an SBIC an opportunity to learn about transactions of the SBIC that have the potential for self dealing and other forms of overreaching by affiliated persons at the expense of shareholders.

Form N-17D-1 requires SBICs and their affiliated banks to report identifying information about the small business concern and the affiliated bank. The report must include, among other things, the SBIC’s and affiliated bank’s outstanding investments in the small business concern, the use of the proceeds of the investments made during the reporting period, any changes in the nature and amount of the affiliated bank's investment, the name of any affiliated person of the SBIC or the affiliated bank (or any affiliated person of the affiliated person of the SBIC or the affiliated bank) who has any interest in the transactions, the basis of the affiliation, the nature of the interest, and the consideration the affiliated person has received or will receive.

There is one SBIC that may file the form annually.¹ The Commission estimates the burden of filling out the form is approximately one hour per response and would likely be completed by an accountant or other professional. Based on past filings, the Commission estimates that no more than one SBIC is likely to use the form each year. Most of the information requested on the form should be readily available to the SBIC or the affiliated bank in records kept in the ordinary course of business, or with respect to the SBIC, pursuant to the

recordkeeping requirements under the Act. Commission staff estimates that it should take
approximately one hour for an accountant or other professional to complete the form. The
estimated total annual burden of filling out the form is 1 hour, at an estimated total annual cost of
$216. The Commission will not keep responses on Form N-17D-1 confidential.

The estimate of average burden hours is made solely for the purposes of the Paperwork
Reduction Act, and is not derived from a comprehensive or even a representative survey or study
of the costs of Commission rules. An agency may not conduct or sponsor, and a person is not
required to respond to, a collection of information unless it displays a currently valid control
number.

2 This estimate of hours is based on past conversations with representatives of SBICs and
accountants that have filed the form.

3 The estimated wage figure is based on published rates for Senior Accountants ($216). The
$216/hour figure for a Senior Account is from Securities Industry and Financial Markets
Association’s Management & Professional Earnings in the Securities Industry 2013, modified by
Commission staff to account for an 1800-hour work-year and multiplied by 5.35 to account for
bonuses, firm size, employee benefits and overhead.
