SUPPLEMENTARY INFORMATION: The Department of Education (ED), in accordance with the Paperwork Reduction Act of 1995 (PRA) (44 U.S.C. 3506(c)(2)(A)), provides the general public and Federal agencies with an opportunity to comment on proposed, revised, and continuing collections of information. This helps the Department assess the impact of its information collection requirements and minimize the public's reporting burden. It also helps the public understand the Department's information collection requirements and provide the requested data in the desired format. ED is soliciting comments on

the proposed information collection request (ICR) that is described below. The Department of Education is especially interested in public comment addressing the following issues: (1) is this collection necessary to the proper functions of the Department; (2) will this information be processed and used in a timely manner; (3) is the estimate of burden accurate; (4) how might the Department enhance the quality, utility, and clarity of the information to be collected; and (5) how might the Department minimize the burden of this collection on the respondents, including through the use of information technology. Please note that written comments received in response to this notice will be considered public records.

Title of Collection: Study of District and School Uses of Federal Education Funds

OMB Control Number: 1850-NEW

Type of Review: A new information collection

Respondents / Affected Public: State, Local, and Tribal Governments

Total Estimated Number of Annual Responses: 306

Total Estimated Number of Annual Burden Hours: 306

Abstract: The Study of District and School Uses of Federal Education Funds will examine targeting and resource allocation for five major federal education programs: Part A of Titles I, II, III, and IV of the Elementary and Secondary Education Act (ESEA) -- including school improvement grants provided under Section 1003 of Title I, Part A -- as well as Title I, Part B of the Individuals with Disabilities Education Act (IDEA). The study will collect detailed fiscal data from a nationally representative sample of 400 school districts, including budgets, plans, expenditure data, and personnel and payroll data. In addition, the study will collect data on allocations to districts and schools to examine how the distribution of funds varies in relation to program goals and student needs; survey district and school officials to explore such issues as the types of services and resources that are provided through the federal funds, coordination across programs, and use of flexibility; conduct interviews in nine site visits to districts to obtain more in-depth data; and analyze fiscal data.
