[Docket Number FRA-2020-0023]

Petition for Waiver of Compliance and Special Approval

Under part 211 of title 49 Code of Federal Regulations (CFR), this document provides the public notice that on March 10, 2020, Railtown 1897 State Historical Park (Railtown) petitioned the Federal Railroad Administration (FRA) for a special approval and waiver of compliance from certain provisions of the Federal railroad safety regulations contained at 49 CFR part 215. FRA assigned the petition Docket Number FRA 2020-0023.

Specifically, Railtown, an historic tourist operation located in Jamestown, California, seeks FRA approval per 49 CFR 215.203(c) to allow two cars owned by the State of California (reporting marks SRR 323 and WP 17005) that are over 50 years old to be used in photo and film work, and to operate on track privately owned by the Sierra Northern Railway. Because the cars would be used for historic interpretation and demonstration, Railtown also requests to waive the stenciling requirements outlined in 49 CFR 215.303. Railtown explains the cars will be limited to 10 miles per hour and will not be used in interchange.

A copy of the petition, as well as any written communications concerning the petition, is available for review online at www.regulations.gov and in person at the U.S. Department of Transportation's (DOT) Docket Operations Facility, 1200 New Jersey Ave., SE, W12-140, Washington, DC 20590.
