### **SUPPLEMENTARY INFORMATION:**

#### **Background and Purpose**

The Coast Guard published guidelines on December 31, 1992 (57 FR 62600), to assist groups seeking recertification under the Oil Terminal and Oil Tanker

Environmental Oversight and Monitoring Act of 1990 (33 U.S.C. 2732) (the Act). The Coast Guard issued a policy statement on July 7, 1993 (58 FR 36504), to clarify the factors that the Coast Guard would be considering in making its determination as to whether advisory groups should be certified in accordance with the Act, and the procedures which the Coast Guard would follow in meeting its certification responsibilities under the Act. Most recently, on September 16, 2002 (67 FR 58440), the Coast Guard changed its policy on recertification procedures for regional citizen's advisory council by requiring applicants to provide comprehensive information every three years. For the two years in between, applicants only submit information describing substantive changes to the information provided at the last triennial recertification. This is the year in the triennial cycle in which PWSRCAC provided comprehensive information on its application for recertification. The Coast Guard solicited public comments on PWSRCAC recertification through a Notice; Request for comments published on December 26, 2019, titled "Application for Recertification of Prince William Sound Regional Citizens' Advisory Council" (82 FR 29572).

The Alyeska Pipeline Service Company pays the PWSRCAC \$3.7 million annually in the form of a long-term contract. In return for this funding, the PWSRCAC must annually show that it "fosters the goals and purposes" of OPA 90 and is "broadly representative of the communities and interests in the vicinity of the terminal facilities and Prince William Sound." The PWSRCAC is an independent, nonprofit organization founded in 1989. Though it receives federal oversight like many independent, nonprofit organizations, it is not a federal agency. The PWSRCAC is a local organization that

predates the passage of OPA 90. The existence of the PWSRCAC was specifically recognized in OPA 90 where it is defined as an “alternative voluntary advisory group.” Alyeska Pipeline Service Company funds the PWSRCAC, and the Coast Guard ensures the PWSRCAC operates in a fashion that is broadly consistent with OPA 90.

### **Discussion of Comments**

On December 26, 2019, the Coast Guard published a Notice; Request for comments titled “Application for Recertification of Prince William Sound Regional Citizens’ Advisory Council” in the **Federal Register** (82 FR 29572). We received 69 comments, all in support of the PWSRCAC recertification. No public meeting was requested. The comments consistently cited PWSRCAC’s broad representation of the respective communities’ interest, appropriate actions to keep the public informed, improvements to both spill response preparation and spill prevention, and oil spill industry monitoring efforts that combat complacency – as intended by the Act.

### **Recertification**

By letter dated February 25, 2020, the Commander, Seventeenth Coast Guard District, certified that the PWSRCAC qualifies as an alternative voluntary advisory group under 33 U.S.C. 2732(o). This recertification terminates on February 28, 2021.
