SUPPLEMENTARY INFORMATION:

Background

On January 30, 2020, Commerce published in the Federal Register the Preliminary
Results of the administrative review of the antidumping duty order on CVP 23 from India.¹ This review covers one producer/exporter of the subject merchandise, Pidilite. We invited parties to comment on the Preliminary Results.² No interested party submitted comments or a request for a hearing. Commerce conducted this administrative review in accordance with section 751(a) of the Tariff Act of 1930, as amended (the Act).

Scope of the Order

The merchandise subject to the Order³ is CVP-23 identified as Color Index No. 51319 and Chemical Abstract No. 6358-30-1, with the chemical name of diindolo [3,2-b:3',2'-m]⁴ triphenodioxazine, 8,18-dichloro-5, 15-diethy-5, 15-dihydro-, and molecular formula of C34 H22 Cl2 N4 O2. The subject merchandise includes the crude pigment in any form (e.g., dry powder, paste, wet cake) and finished pigment in the form of presscake and dry color. Pigment dispersions in any form (e.g., pigments dispersed in oleoresins, flammable solvents, water) are not included within the scope of the Order.

The merchandise subject to the Order is classifiable under subheading 3204.17.9040 of the Harmonized Tariff Schedule of the United States (HTSUS). Although the HTSUS subheading is provided for convenience and customs purposes, our written description of the scope of the Order is dispositive.

Changes Since the Preliminary Results

As no parties submitted comments on the margin calculation methodology used in the Preliminary Results, Commerce made no adjustments to that methodology in the final results of this review.

Final Results of the Review

As a result of this review, Commerce determines that a weighted-average dumping margin of 0.00 percent exists for entries of subject merchandise that were produced and/or exported by Pidilite during the POR.

Assessment Rates

Commerce shall determine, and U.S. Customs and Border Protection (CBP) shall assess, antidumping duties on all appropriate entries of subject merchandise in accordance with the final results of this review, pursuant to section 751(a)(2)(C) of the Act and 19 CFR 351.212(b).

Because we calculated a zero margin for Pidilite in the final results of this review, we intend to instruct CBP to liquidate the appropriate entries without regard to antidumping duties.

Commerce intends to issue the appropriate assessment instructions to CBP 15 days after the date of publication of these final results of review.

Cash Deposit Requirements

The following deposit requirements will be effective upon publication of the notice of these final results for all shipments of CVP 23 from India entered, or withdrawn from warehouse, for consumption on or after the publication date as provided by section 751(a)(2) of the Act: (1) the cash deposit rate for Pidilite will be zero; (2) for merchandise exported by manufacturers or exporters not covered in this review but covered in a completed prior segment of the proceeding, the cash deposit rate will continue to be the company-specific rate published
for the most recently completed segment; (3) if the exporter is not a firm covered in this review, a prior review, or the original investigation but the manufacturer is, then the cash deposit rate will be the rate established for the most recently completed segment for the manufacturer of the merchandise; and (4) the cash deposit rate for all other manufacturers or exporters will continue to be 27.48 percent, the all-others rate established in the Order. These cash deposit requirements, when imposed, shall remain in effect until further notice.

**Notification to Importers**

This notice also serves as a final reminder to importers of their responsibility under 19 CFR 351.402(f)(2) to file a certificate regarding the reimbursement of antidumping duties prior to liquidation of the relevant entries during this POR. Failure to comply with this requirement could result in Commerce’s presumption that reimbursement of antidumping duties has occurred and the subsequent assessment of double antidumping duties.

**Administrative Protective Order**

In accordance with 19 CFR 351.305(a)(3), this notice also serves as a reminder to parties subject to administrative protective order (APO) of their responsibility concerning the return or destruction of proprietary information disclosed under the APO, which continues to govern business proprietary information in this segment of the proceeding. Timely written notification of the return or destruction of APO materials or conversion to judicial protective order is hereby requested. Failure to comply with the regulations and terms of an APO is a violation subject to sanction.
Notification to Interested Parties

We are issuing and publishing these results in accordance with sections 751(a)(1) and 777(i)(1) of the Act, and 19 CFR 351.213(h) and 351.221(b)(5).
