Changes Since the Preliminary Results

Based on our analysis of the comments received, and for the reasons explained in the Issues and Decision Memorandum, Commerce made no changes to the Preliminary Results.

Final Determination of No Shipments

Prior to the issuance of the questionnaire, Conduit reported that it made no sales of subject merchandise during the POR.\(^\text{10}\) On May 8, 2019, we placed the U.S. Customs and Border Protection (CBP) port inquiry instructions on the record that we sent to CBP regarding each company that submitted a statement of no shipments. We received no information from CBP contrary to the statements of no shipments from the companies contained in the attachments to the CBP Information Memorandum.\(^\text{11}\)

On June 28, 2019, we received a certification of no shipments of subject merchandise from Mueller, which contained documentation in support of its contention that it had no prior knowledge of the entry of products it had sold into the United States.\(^\text{12}\) Based on this evidence, we preliminarily determined that Mueller made no shipments of subject merchandise into the United States during the POR.\(^\text{13}\)

On July 8, 2019, we received a certification of no shipments of subject merchandise from Conduit and RYMCO which contained documentation supporting their contentions that they had no prior knowledge of subject merchandise exported to the United States during the POR, and

that the products listed in the CBP data were not subject merchandise.\textsuperscript{14} Based on this evidence, we preliminarily determined that Conduit and RYMCO made no shipments of subject merchandise into the United States during the POR.\textsuperscript{15}

For the reasons explained in the Issues and Decision Memorandum, we continue to determine for these final results that Conduit, Mueller, and RYMCO made no shipments of subject merchandise during the POR.

**Assessment**

Commerce shall determine and U.S. Customs and Border Protection (CBP) shall assess antidumping duties on all appropriate entries. Because Commerce determined that Conduit, Mueller, and RYMCO had no shipments of the subject merchandise, any suspended entries that entered under those companies’ case numbers (\textit{i.e.}, at those companies’ rates) will be liquidated at the all-others rate effective during the POR, consistent with Commerce’s practice.\textsuperscript{16} We intend to issue assessment instructions directly to CBP 41 days after publication of the final results of this review.

**Cash Deposit Requirements**

The following deposit requirements for estimated antidumping duties will be effective upon publication of the notice of these final results of review for all shipments of circular welded non-alloy steel pipe from Mexico entered, or withdrawn from warehouse, for consumption on or after the date of publication as provided by section 751(a)(2) of the Act: (1) the cash deposit rate for Conduit, Mueller, and RYMCO will continue to be the company-specific rate published for the most recent period; (2) for merchandise exported by producers or exporters not covered in

\textsuperscript{15} See Preliminary Results, 84 FR at 48908.

this review but covered in a prior segment of the proceeding, the cash deposit rate will continue to be the company-specific rate published for the most recent period; (3) if the exporter is not a firm covered in this review, a prior review, or the original investigation, but the producer is, then the cash deposit rate will be the rate established for the most recent period for the producer of the merchandise; (4) the cash deposit rate for all other producers or exporters will continue to be 32.62 percent, the all-others rate established in the LTFV investigation. These cash deposit requirements, when imposed, shall remain in effect until further notice.

Notification to Importers

This notice serves as a final reminder to importers of their responsibility under 19 CFR 351.402(f)(2) to file a certificate regarding the reimbursement of antidumping duties and/or countervailing duties prior to liquidation of the relevant entries during this POR. Failure to comply with this requirement could result in Commerce’s presumption that reimbursement of antidumping duties and/or countervailing duties occurred and the subsequent assessment of doubled antidumping duties.

Notification to Interested Parties Regarding Administrative Protective Order

This notice also serves as the only reminder to parties subject to administrative protective order (APO) of their responsibility concerning the disposition of proprietary information disclosed under APO in accordance with 19 CFR 351.305(a)(3), which continues to govern business proprietary information in this segment of the proceeding. Timely written notification of the return or destruction of APO materials or conversion to judicial protective order is hereby requested. Failure to comply with the regulations and the terms of an APO is a sanctionable violation.
