SECURITIES AND EXCHANGE COMMISSION

[Release No. 34-88626; File No. SR-Phlx-2020-19]

Self-Regulatory Organizations; Nasdaq PHLX LLC; Notice of Filing and Immediate Effectiveness of Proposed Rule Change to Amend Phlx's Pricing Schedule
April 13, 2020.

Pursuant to Section 19(b)(1) of the Securities Exchange Act of 1934 ("Act"),¹ and Rule 19b-4 thereunder,² notice is hereby given that on April 3, 2020, Nasdaq PHLX LLC ("Phlx" or "Exchange") filed with the Securities and Exchange Commission ("SEC" or "Commission") the proposed rule change as described in Items I, II, and III, below, which Items have been prepared by the Exchange. The Commission is publishing this notice to solicit comments on the proposed rule change from interested persons.

I. Self-Regulatory Organization's Statement of the Terms of Substance of the Proposed Rule Change

The Exchange proposes to amend Phlx's Pricing Schedule. Specifically, the Exchange proposes to amend rule text within Options 7, Section 8, "Membership Fees."

While the changes proposed herein are effective upon filing, the Exchange has designated the amendments to become operative on May 1, 2020.

The text of the proposed rule change is available on the Exchange's Website at <http://nasdaqphlx.cchwallstreet.com/>, at the principal office of the Exchange, and at the Commission's Public Reference Room.

II. Self-Regulatory Organization’s Statement of the Purpose of, and Statutory Basis for, the Proposed Rule Change

In its filing with the Commission, the Exchange included statements concerning the purpose of and basis for the proposed rule change and discussed any comments it received on the proposed rule change. The text of these statements may be examined at the places specified in Item IV below. The Exchange has prepared summaries, set forth in sections A, B, and C below, of the most significant aspects of such statements.

A. Self-Regulatory Organization’s Statement of the Purpose of, and Statutory Basis for, the Proposed Rule Change

1. Purpose

Phlx proposes to amend Options 7, Section 8, “Membership Fees” concerning a May 2020 credit. In addition, Phlx proposes to remove outdated rule text.

Prior Proposal

In light of the recent closure of open outcry trading on the Phlx Trading Floor as of March 17, 2020,³ Phlx waived certain floor-related fees within Options 7, Section 8, “Membership Fees.”⁴ Specifically, Phlx’s Prior Proposal waived: (1) a Permit Fee of \$4,000 per month to Floor Brokers;⁵ (2) a Clerk⁶ Fee⁷ of \$100 per month; and (3) Streaming Quote Trader

³ See Options Trader Alert #2020 – 7.

⁴ See Securities Exchange Act Release No. 88525 (March 31, 2020) (not yet published) (SR-Phlx-2020-12) (“Prior Proposal”).

⁵ See Phlx Rules at Options 7, Section 8A.

⁶ The term “Clerk” means any registered on-floor person employed by or associated with a member or member organization who is not a member and is not eligible to effect transactions on the Options Floor as a Lead Market Maker, Floor Market Maker, or Floor Broker. An Inactive Nominee is deemed a Clerk. See Options 8, Section 12(a).

⁷ The Clerk Fee is imposed on any registered on-floor person employed by or associated with a member or member organization pursuant to Options 3, Section 19, including Inactive Nominees pursuant to Options 8, Section 7. The Clerk Fee is not imposed on permit holders. See Phlx Rules at Options 7, Section 8A.

(“SQT”)⁸ Fees within Options 8, Section 8B.⁹ Phlx’s 7 tier SQT Fees are as follows:

Number of Option Class Assignments	SQT Fees
Tier 1: Up to 200 classes	\$0.00 per calendar month
Tier 2: Up to 400 classes	\$2,200 per calendar month
Tier 3: Up to 600 classes	\$3200.00 per calendar month
Tier 4: Up to 800 classes	\$4200.00 per calendar month
Tier 5: Up to 1000 classes	\$5200.00 per calendar month
Tier 6: Up to 1200 classes	\$6200.00 per calendar month
Tier 7: All equity issues	\$7,200 per calendar month

Additionally, Phlx paid a credit to Trading Floor member organizations of \$5,000 per Clerk based on the number of Clerks those member organizations had registered as of April 1, 2020. Phlx also stated it would pay the aforementioned credit for the month of May 2020, in the event that open outcry trading is unavailable as of May 1, 2020 and the Clerk is registered as of May 1, 2020.

At this time, the Exchange proposes to amend Options 7, Section 8 to remove the language regarding the April 2020 waiver and credits, which were already waived and paid, and amend the language regarding May credits to state that Phlx will credit each member organization an amount of \$5,000 per associated person that was registered as a Clerk as of April

⁸ The term “Streaming Quote Trader” is defined in Options 1, Section 1(b)(54) as a Market Maker who has received permission from the Exchange to generate and submit option quotations electronically in options to which such SQT is assigned. See Options 7, Section 1. Further, Options 1, Section 1(b)(54) provides that an SQT means a Market Maker who has received permission from the Exchange to generate and submit option quotations electronically in options to which such SQT is assigned. An SQT may only submit such quotations while such SQT is physically present on the trading floor of the Exchange. An SQT may only submit quotes in classes of options in which the SQT is assigned.

⁹ The Prior Proposal also waived the Floor Facility Fee of \$330 per month, which is applicable Clerks (excluding Inactive Nominees pursuant to Options 8, Section 7), Floor Brokers, Market Makers (including SQTs) and individual Lead Market Makers), within Options 7, Section 9, for the month of April 2020 and May 2020.

1, 2020 and remains registered on May 1, 2020, in the event that open outcry trading is unavailable as of May 1, 2020. The credit was not intended to pay any new Clerks that registered within the time period that open outcry was closed, rather it was intended to ensure that Clerks continued to be registered with the Exchange during the closure of open outcry.

2. Statutory Basis

The Exchange believes that its proposal is consistent with Section 6(b) of the Act,¹⁰ in general, and furthers the objectives of Sections 6(b)(4) and 6(b)(5) of the Act,¹¹ in particular, in that it provides for the equitable allocation of reasonable dues, fees and other charges among members and issuers and other persons using any facility, and is not designed to permit unfair discrimination between customers, issuers, brokers, or dealers.

The Commission and the courts have repeatedly expressed their preference for competition over regulatory intervention in determining prices, products, and services in the securities markets. In Regulation NMS, while adopting a series of steps to improve the current market model, the Commission highlighted the importance of market forces in determining prices and SRO revenues and, also, recognized that current regulation of the market system “has been remarkably successful in promoting market competition in its broader forms that are most important to investors and listed companies.”¹²

Likewise, in NetCoalition v. Securities and Exchange Commission¹³ (“NetCoalition”) the D.C. Circuit upheld the Commission’s use of a market-based approach in evaluating the fairness of market data fees against a challenge claiming that Congress mandated a cost-based

approach.¹⁴ As the court emphasized, the Commission “intended in Regulation NMS that ‘market forces, rather than regulatory requirements’ play a role in determining the market data . . . to be made available to investors and at what cost.”¹⁵

Further, “[n]o one disputes that competition for order flow is ‘fierce.’ ... As the SEC explained, ‘[i]n the U.S. national market system, buyers and sellers of securities, and the broker-dealers that act as their order-routing agents, have a wide range of choices of where to route orders for execution’; [and] ‘no exchange can afford to take its market share percentages for granted’ because ‘no exchange possesses a monopoly, regulatory or otherwise, in the execution of order flow from broker dealers’”¹⁶ Although the court and the SEC were discussing the cash equities markets, the Exchange believes that these views apply with equal force to the options markets.

The Exchange’s proposal to pay a credit of \$5,000 per associated person that was registered as a Clerk as of April 1, 2020 and remains registered as of May 1, 2020 for the month of May 2020, in the event that open outcry trading is unavailable as of May 1, 2020, is reasonable. The intent of the credit was to provide relief to member organizations that are currently unable to transact options in open outcry on the Phlx Trading Floor by paying a credit for their Clerks who were registered with the Exchange. The Exchange intended to pay a May 2020 credit to member organizations, provided those Clerks were registered as of April 1, 2020 and were retained by the Phlx member organizations as of May 1, 2020, in the event that open outcry trading was unavailable as of May 1, 2020. The credit was not intended to attract new

Clerks to the Trading Floor during the closure of open outcry. Inserting rule text to make clear the Clerks that receive the credit had to be registered as of April 1, 2020 and remain registered as of May 1, 2020 will achieve the goal for which the credit was intended. Phlx believes this credit will assist member organizations to continue to maintain their business operations during the time period that open outcry trading is unavailable.

The Exchange's proposal to pay a credit of \$5,000 per associated person that was registered as a Clerk as of April 1, 2020 and remains registered as of May 1, 2020 for the month of May 2020, in the event that open outcry trading is unavailable as of May 1, 2020, is equitable and not unfairly discriminatory. The Exchange proposes to pay all member organizations a credit for each Clerk the firm has registered as of April 1, 2020 and remains registered as of May 1, 2020 in a uniform manner, in the event that open outcry trading is unavailable as of May 1, 2020. The Exchange believes that paying a credit to member organizations for each Clerk would alleviate some of the financial burden for each member organization. A Clerk is any registered on-floor person employed by or associated with a member or member organization who is not a member and is not eligible to effect transactions on the Options Floor as a Lead Market Maker, Floor Market Maker, or Floor Broker. As such, Clerks are employees of Phlx Trading Floor member organizations that would not otherwise be able to transact an options business as a Lead Market Maker, Floor Market Maker, or Floor Broker. The Exchange believes the credit to member organizations for each Clerk will assist member organizations in continuing to employ Clerks during the closure of open outcry trading.

B. Self-Regulatory Organization's Statement on Burden on Competition

The Exchange does not believe that the proposed rule change will impose any burden on competition not necessary or appropriate in furtherance of the purposes of the Act.

Inter-market Competition

The proposal does not impose an undue burden on inter-market competition. The Exchange believes its proposal remains competitive with other options markets and will offer market participants with another choice of where to transact options. The Exchange notes that it operates in a highly competitive market in which market participants can readily favor competing venues if they deem fee levels at a particular venue to be excessive, or rebate opportunities available at other venues to be more favorable. In such an environment, the Exchange must continually adjust its fees to remain competitive with other exchanges that have been exempted from compliance with the statutory standards applicable to exchanges. Because competitors are free to modify their own fees in response, and because market participants may readily adjust their order routing practices, the Exchange believes that the degree to which fee changes in this market may impose any burden on competition is extremely limited.

Intra-market Competition

The proposed amendments do not impose an undue burden on intra-market competition.

The Exchange's proposal to pay a credit of \$5,000 per associated person that was registered as a Clerk as of April 1, 2020 and remains registered as of May 1, 2020 for the month of May 2020, in the event that open outcry trading is unavailable as of May 1, 2020, does not impose an undue burden on competition. The Exchange proposes to pay all member organizations a credit for each Clerk the firm has registered as of April 1, 2020 and remains registered as of May 1, 2020 in a uniform manner. The Exchange believes that paying a credit to member organizations for each Clerk would alleviate some of the financial burden for each member organization. A Clerk is any registered on-floor person employed by or associated with a member or member organization who is not a member and is not eligible to effect transactions on the Options Floor as a Lead Market Maker, Floor Market Maker, or Floor Broker. As such,

Clerks are employees of Phlx Trading Floor member organizations that would not otherwise be able to transact an options business as a Lead Market Maker, Floor Market Maker, or Floor Broker. The Exchange believes the credit to member organizations for each Clerk will assist member organizations in continuing to employ Clerks during the closure of open outcry trading.

C. Self-Regulatory Organization's Statement on Comments on the Proposed Rule Change Received from Members, Participants, or Others

No written comments were either solicited or received.

III. Date of Effectiveness of the Proposed Rule Change and Timing for Commission Action

The foregoing rule change has become effective pursuant to Section 19(b)(3)(A)(ii) of the Act.¹⁷

At any time within 60 days of the filing of the proposed rule change, the Commission summarily may temporarily suspend such rule change if it appears to the Commission that such action is: (i) necessary or appropriate in the public interest; (ii) for the protection of investors; or (iii) otherwise in furtherance of the purposes of the Act. If the Commission takes such action, the Commission shall institute proceedings to determine whether the proposed rule should be approved or disapproved.

IV. Solicitation of Comments

Interested persons are invited to submit written data, views, and arguments concerning the foregoing, including whether the proposed rule change is consistent with the Act. Comments may be submitted by any of the following methods:

Electronic Comments:

- Use the Commission's Internet comment form (<http://www.sec.gov/rules/sro.shtml>); or
