9 See Memorandum, “Certain Steel Nails from the People’s Republic of China: Issues and Decision Memorandum for the Final Results of the 2017-18 Antidumping Duty Administrative Review,” dated April 15, 2020 (Issues and Decision Memorandum) which is hereby adopted by this notice.
the Issues and Decision Memorandum. Attached to this notice, in Appendix II, is a list of the issues which parties raised. The Issues and Decision Memorandum is a public document and is on file in the Central Records Unit (CRU), Room B8024 of the main Department of Commerce building, as well as electronically via Enforcement and Compliance’s Antidumping and Countervailing Duty Centralized Electronic Service System (ACCESS). ACCESS is available to registered users at http://access.trade.gov.. In addition, a complete version of the Issues and Decision Memorandum can be accessed directly on the internet at http://enforcement.trade.gov/frn/index.html. The signed Issues and Decision Memorandum and the electronic versions of the Issues and Decision Memorandum are identical in content.

Changes since the Preliminary Results

Based on a review of the record and comments received from interested parties, and for the reasons explained in the Issues and Decision Memorandum, we are revising the margin calculations for Stanley and Pioneer. Accordingly, for these final results, Commerce updated the rate assigned to the non-selected companies, which is based on an average of the rates for the three mandatory respondents, Stanley, Pioneer, and Tianjin Universal Machinery Imp. & Exp. Corporation (Universal), as discussed in the Issues and Decision Memorandum. For a discussion of these changes, see the “Changes Since the Preliminary Results” section of the Issues and Decision Memorandum.

Final Determination of No Shipments

In the Preliminary Results, Commerce preliminarily determined that eleven companies did not have any reviewable transactions during the POR: Astrotech Steels Pvt. Ltd.; Geeky Wires Limited; Hebei Minmetals Co., Ltd.; Jinhai Hardware Co., Ltd.; Nanjing Yuechang Hardware Co., Ltd.; Region Industries Co., Ltd.; Region System Sdn. Bhd.; Shandong Oriental
Cherry Hardware Group Co., Ltd.; Shandong Oriental Cherry Hardware Import & Export Co., Ltd.; Shanghai Jade Shuttle Hardware Tools Co., Ltd.; and Zhangjiagang Lianfeng Metals Products Co., Ltd. Following the publication of the Preliminary Results, we received no comments from interested parties regarding these companies, nor has any party submitted record evidence which would call our preliminary determination into question. Therefore, for these final results, we continue to find that these eleven companies did not have any reviewable transactions during the POR. Consistent with our practice, we will issue appropriate instructions to U.S. Customs and Border Protection (CBP) based on our final results.

Separate Rates

In the Preliminary Results, we determined that 20 companies, including the three mandatory respondents, met the criteria for separate rate status. We have not received any information since the issuance of the Preliminary Results that provides a basis for reconsidering this preliminary determination. Therefore, Commerce continues to find that these companies meet the criteria for a separate rate for the final results.

Rate for Non-Selected Companies

As noted above, for the final results, the dumping margins for two of the mandatory respondents have changed from the Preliminary Results. Accordingly, for the final results, Commerce has updated the rate assigned to the non-selected companies, which is based on an average of the rates of the three mandatory respondents, as discussed in the Issues and Decision Memorandum.

China-Wide Entity

In the Preliminary Results, we found that 182 companies for which a review was requested had not established eligibility for a separate rate and, thus, we considered them to be
part of the China-wide entity.\textsuperscript{10} With one exception discussed in the Issues and Decision Memorandum (related to Stanley B&D),\textsuperscript{11} we have not received any information since the issuance of the Preliminary Results that provides a basis for reconsidering this preliminary determination. Therefore, Commerce continues to find that these companies are part of the China-wide entity.\textsuperscript{12}

Assessment Rates

Pursuant to section 751(a)(2)(A) of the Tariff Act of 1930, as amended (the Act), and 19 CFR 351.212(b), Commerce has determined, and CBP shall assess, antidumping duties on all appropriate entries of subject merchandise in accordance with the final results of this review. Commerce intends to issue appropriate assessment instructions directly to CBP 15 days after publication of the final results of this administrative review.

Stanley reported the entered value of its U.S. sales such that we calculated importer-specific ad valorem duty assessment rates based on the ratio of the total amount of dumping calculated for the importer’s examined sales to the total entered value of those same sales. If an importer-specific assessment rate calculated in the final results is not zero or de minimis, Commerce will issue instructions directly to CBP to assess antidumping duties on appropriate entries. Where an importer-specific assessment rate is zero or de minimis, we will instruct CBP to liquidate the appropriate entries without regard to antidumping duties.

For Pioneer, Universal, and the non-examined companies granted separate rates, the ad valorem assessment rate will be equal to cash deposit rate assigned above in the final results of administrative review. We intend to instruct CBP to liquidate entries containing subject merchandise exported by the China-wide entity at the China-wide rate.

Pursuant to Commerce’s assessment practice, for entries that were not reported in the U.S. sales databases submitted by Stanley during this review, Commerce will instruct CBP to liquidate such entries at the China-wide entity rate. Additionally, if Commerce determines that
an exporter had no shipments of the subject merchandise, any suspended entries that entered under that exporter’s case number (i.e., at that exporter’s rate) will be liquidated at the China-wide entity rate.\textsuperscript{13}

**Cash Deposit Requirements**

The following cash deposit requirements will be effective upon publication of the final results of this administrative review for all shipments of the subject merchandise entered, or withdrawn from warehouse, for consumption on or after the publication date, as provided for by section 751(a)(2)(C) of the Act: (1) For the exporters listed above, the cash deposit rate will be the rate established in the final results of review; (2) for previously investigated or reviewed China and non-China exporters not listed above that have separate rates, the cash deposit rate will continue to be the exporter-specific rate published for the most recent period; (3) for all China exporters of subject merchandise which have not been found to be entitled to a separate rate, the cash deposit rate will be the China-Wide rate of 118.04 percent; and (4) for all non-China exporters of subject merchandise which have not received their own rate, the cash deposit rate will be the rate applicable to the China exporters that supplied that non-China exporter. The deposit requirements, when imposed, shall remain in effect until further notice.

**Disclosure**

We intend to disclose the calculations performed regarding these final results within five days of the date of publication of this notice to parties in this proceeding in accordance with 19 CFR 351.224(b).

**Notification to Importers**

This notice also serves as a final reminder to importers of their responsibility under 19 CFR 351.402(f) to file a certificate regarding the reimbursement of antidumping duties prior to liquidation of the relevant entries during this POR. Failure to comply with this requirement could result in Commerce’s presumption that reimbursement of antidumping duties occurred and the subsequent assessment of doubled antidumping duties.

Administrative Protective Orders

This notice also serves as a reminder to parties subject to administrative protective order (APO) of their responsibility concerning the return or destruction of proprietary information disclosed under APO in accordance with 19 CFR 351.305(a)(3), which continues to govern business proprietary information in this segment of the proceeding. Timely written notification of the return or destruction of APO materials, or conversion to judicial protective order, is hereby requested. Failure to comply with the regulations and terms of an APO is a violation which is subject to sanction.

Notification to Interested Parties

We are issuing and publishing these final results of administrative review in accordance with sections 751(a)(1) and 777(i) of the Act, and 19 CFR 351.221(b)(5).
