Copyright Royalty Board

37 CFR Part 360

[Docket No. 20-CRB-0006-RM]

Procedural Regulations of the Copyright Royalty Board Requiring Electronic Filing of Claims

AGENCY: Copyright Royalty Board, Library of Congress.

ACTION: Proposed rule.

SUMMARY: The Copyright Royalty Judges propose to amend regulations governing the filing of claims to royalty fees collected under compulsory license to require that all claims be filed electronically through the Copyright Royalty Board’s (CRB) electronic filing system (eCRB). The Judges solicit comments on the proposed rule.

DATES: Comments are due no later than [INSERT DATE 30 DAYS AFTER DATE OF PUBLICATION IN THE FEDERAL REGISTER].

ADDRESSES: You may send comments, identified by docket number 20-CRB-0006-RM, online through eCRB at https://app.crb.gov.

Instructions: All submissions received must include the Copyright Royalty Board name and the docket number for this rulemaking. All comments received will be posted without change to eCRB at https://app.crb.gov, including any personal information provided.

Docket: For access to the docket to read background documents or comments received, go to eCRB at https://app.crb.gov and perform a case search for docket 20-CRB-0006-RM.
FOR FURTHER INFORMATION CONTACT:  Anita Blaine, CRB Program Specialist, at 202-707-7658 or crb@loc.gov.

SUPPLEMENTARY INFORMATION: In 2017, the CRB deployed its electronic filing and case management system, eCRB, and began accepting claims to compulsory license royalties electronically. The CRB continued, however, to permit the filing of claims on paper forms.

The CRB has since received a diminishing number of paper claims. In the most recent claims filing period for cable and satellite royalties (July 2019), out of 545 and 280 claims, respectively, the CRB received two claims for cable royalties and one claim for satellite royalties that were filed exclusively in paper form.\(^1\) In the most recent claims filing period for DART royalties (January-February 2020), out of 61 claims filed, the CRB received no claims that were filed exclusively in paper form.\(^2\)

The handling of paper claims is more resource-intensive for the CRB than the handling of electronic claims. Each paper claim must be opened, date-stamped, numbered, scanned, and uploaded to eCRB, and details from the paper claim must be entered manually into eCRB to generate an electronic claim.

More critically, acceptance of paper claims creates a dependency on the receipt and processing of mail and courier deliveries. The current disruption at the Library of Congress to both mail processing and acceptance of courier deliveries because of the COVID-19 pandemic demonstrates the risk to claims processing of that dependency.

---

\(^1\) For both cable and satellite claims, the CRB received approximately 20 backup paper claims — i.e., claims filed in paper form that are duplicates of claims filed in electronic form. The practice of filing backup paper claims is neither necessary nor encouraged by the CRB.

\(^2\) The CRB received four backup paper claims.
In order to eliminate the need for resource-intensive manual processing of paper claims and to mitigate the risk to CRB operations of a disruption to normal mail and courier delivery, the Judges propose to amend 37 CFR part 360 to require that all claims be filed online through eCRB.
