DEPARTMENT OF HOMELAND SECURITY
Coast Guard
33 CFR Part 165
[Docket Number USCG-2020-0223]
RIN 1625-AA00
Safety Zone: Monongahela River Mile marker 76.6, Pittsburgh, PA
AGENCY: Coast Guard, DHS.
ACTION: Temporary final rule.

SUMMARY: The Coast Guard is establishing a temporary safety zone for navigable waters of the Monongahela River at mile marker 76.6. The safety zone is needed to protect personnel, vessels, and the marine environment from potential hazards created by construction on a new raw water intake, from April 27, 2020 through May 8, 2020. Entry of vessels or persons into this zone is prohibited unless specifically authorized by the Captain of the Port Marine Safety Unit Pittsburgh or designated representative.

DATES: This rule is effective without actual notice from [INSERT DATE OF PUBLICATION IN THE FEDERAL REGISTER] until 7 p.m. on May 8, 2020. For purposes of enforcement, actual notice will be used from 7 a.m. on April 27, 2020 until [INSERT DATE OF PUBLICATION IN THE FEDERAL REGISTER].

ADDRESSES: To view documents mentioned in this preamble as being available in the docket, go to https://www.regulations.gov, type USCG-2020-0223 in the “SEARCH” box and click "SEARCH." Click on Open Docket Folder on the line associated with this rule.
FOR FURTHER INFORMATION CONTACT: If you have questions on this rule, call or email Petty Officer Matthew Izso, Marine Safety Unit Pittsburgh, U.S. Coast Guard; telephone 412-221-0807, email Matthew.R.Izso@uscg.mil.

II. Background Information and Regulatory History

The Coast Guard is issuing this temporary rule without prior notice and opportunity to comment pursuant to authority under section 4(a) of the Administrative Procedure Act (APA) (5 U.S.C. 553(b)). This provision authorizes an agency to issue a rule without prior notice and opportunity to comment when the agency for good cause finds that those procedures are “impracticable, unnecessary, or contrary to the public interest.” Under 5 U.S.C. 553(b)(B), the Coast Guard finds that good cause exists for not publishing a notice of proposed rulemaking (NPRM) with respect to this rule because it is impracticable. This safety zone must be established by April 27, 2020 and we lack sufficient time to provide a reasonable comment period and then consider those comments before issuing this rule. The NPRM process would delay the establishment of the safety zone until after the date of the raw water intake construction and compromise public safety.

Under 5 U.S.C. 553(d)(3), the Coast Guard finds that good cause exists for making this rule effective less than 30 days after publication in the Federal Register.
Delaying this rule would be contrary to the public interest because immediate action is necessary to respond to the potential safety hazards associated with raw water intake work, which could pose a risk to the operation and waterways users if the normal vessel traffic were to interfere with the work. Possible hazards include risks of injury or death from near or actual contact among working vessels and mariners traversing through the safety zone.

III. Legal Authority and Need for Rule

The Coast Guard is issuing this rule under authority in 46 U.S.C. 70034 (previously 33 U.S.C. 1231). The Captain of the Port Marine Safety Unit Pittsburgh (COTP) has determined that potential hazards associated with raw water intake construction starting April 27, 2020, will be a safety concern for anyone within a 20 foot radius of the work barge. This rule is needed to protect personnel, vessels, and the marine environment in the navigable waters within the safety zone while the construction is being done.

IV. Discussion of the Rule

This rule establishes a safety zone from 7 a.m. on April 27, 2020 until 7 p.m on May 8, 2020. The safety zone will cover all navigable waters within 20 feet of the work barge being used by personnel for the construction of the raw water intake. Located at mile marker 76.6 on the Monongahela River 220 feet from the opposite bank. The duration of the zone is intended to protect personnel, vessels, and the marine environment in these navigable waters while the construction is being done. No vessel or person will be permitted to enter the safety zone without obtaining permission from the COTP or a designated representative. A designated representative is a commissioned, warrant, or
petty officer of the U.S. Coast Guard assigned to units under the operational control of
USCG Marine Safety Unit Pittsburgh. Persons and vessels seeking entry into this safety
zone must request permission from the COTP or a designated representative. They may
be contacted on VHF-FM Channel 16 or by telephone at (412) 221-0807. Persons and
vessels permitted to enter this safety zone must transit at their slowest safe speed and
comply with all lawful instructions of the COTP or a designated representative. The
COTP or a designated representative will inform the public of the enforcement period for
the safety zone as well as any changes in the schedule through Broadcast Notices to
Mariners (BNMs), Local Notices to Mariners (LNMs), and/or Marine Safety Information
Bulletins (MSIBs) as appropriate.

V. Regulatory Analyses

We developed this rule after considering numerous statutes and Executive orders
related to rulemaking. Below we summarize our analyses based on a number of these
statutes and Executive orders, and we discuss First Amendment rights of protestors.

A. Regulatory Planning and Review

Executive Orders 12866 and 13563 direct agencies to assess the costs and benefits
of available regulatory alternatives and, if regulation is necessary, to select regulatory
approaches that maximize net benefits. Executive Order 13771 directs agencies to
control regulatory costs through a budgeting process. This rule has not been designated a
“significant regulatory action,” under Executive Order 12866. Accordingly, this rule has
not been reviewed by the Office of Management and Budget (OMB), and pursuant to
OMB guidance it is exempt from the requirements of Executive Order 13771.

This regulatory action determination is based on size, duration, and location of the
safety zone. This rule will impact a section of the Monongahela River from April 27, 2020 through May 8, 2020.

B. Impact on Small Entities

The Regulatory Flexibility Act of 1980, 5 U.S.C. 601–612, as amended, requires Federal agencies to consider the potential impact of regulations on small entities during rulemaking. The term “small entities” comprises small businesses, not-for-profit organizations that are independently owned and operated and are not dominant in their fields, and governmental jurisdictions with populations of less than 50,000. The Coast Guard certifies under 5 U.S.C. 605(b) that this rule will not have a significant economic impact on a substantial number of small entities.

While some owners or operators of vessels intending to transit the safety zone may be small entities, for the reasons stated in section V.A above, this rule will not have a significant economic impact on any vessel owner or operator.

Under section 213(a) of the Small Business Regulatory Enforcement Fairness Act of 1996 (Public Law 104-121), we want to assist small entities in understanding this rule. If the rule would affect your small business, organization, or governmental jurisdiction and you have questions concerning its provisions or options for compliance, please call or email the person listed in the FOR FURTHER INFORMATION CONTACT section.

Small businesses may send comments on the actions of Federal employees who enforce, or otherwise determine compliance with, Federal regulations to the Small Business and Agriculture Regulatory Enforcement Ombudsman and the Regional Small Business Regulatory Fairness Boards. The Ombudsman evaluates these actions annually and rates each agency’s responsiveness to small business. If you wish to comment on
actions by employees of the Coast Guard, call 1-888-REG-FAIR (1-888-734-3247). The Coast Guard will not retaliate against small entities that question or complain about this rule or any policy or action of the Coast Guard.

C. Collection of Information

This rule will not call for a new collection of information under the Paperwork Reduction Act of 1995 (44 U.S.C. 3501–3520).

D. Federalism and Indian Tribal Governments

A rule has implications for federalism under Executive Order 13132, Federalism, if it has a substantial direct effect on the States, on the relationship between the National Government and the States, or on the distribution of power and responsibilities among the various levels of government. We have analyzed this rule under that Order and have determined that it is consistent with the fundamental federalism principles and preemption requirements described in Executive Order 13132.

Also, this rule does not have tribal implications under Executive Order 13175, Consultation and Coordination with Indian Tribal Governments, because it does not have a substantial direct effect on one or more Indian tribes, on the relationship between the Federal Government and Indian tribes, or on the distribution of power and responsibilities between the Federal Government and Indian tribes.

E. Unfunded Mandates Reform Act

The Unfunded Mandates Reform Act of 1995 (2 U.S.C. 1531–1538) requires Federal agencies to assess the effects of their discretionary regulatory actions. In particular, the Act addresses actions that may result in the expenditure by a State, local, or tribal government, in the aggregate, or by the private sector of $100,000,000 (adjusted
for inflation) or more in any one year. Though this rule will not result in such an expenditure, we do discuss the effects of this rule elsewhere in this preamble.

F. Environment

We have analyzed this rule under Department of Homeland Security Directive 023-01, Rev. 1, associated implementing instructions, and Environmental Planning COMDTINST 5090.1 (series), which guide the Coast Guard in complying with the National Environmental Policy Act of 1969(42 U.S.C. 4321–4370f), and have determined that this action is one of a category of actions that do not individually or cumulatively have a significant effect on the human environment. This rule involves a safety zone that will prohibit entry within 20 feet of a work barge being used by personnel to construct a raw water intake. It is categorically excluded from further review under paragraph L60(a) of Appendix A, Table 1 of DHS Instruction Manual 023–01–001–01, Rev. 1. A Record of Environmental Consideration supporting this determination is available in the docket. For instructions on locating the docket, see the ADDRESSES section of this preamble.

G. Protest Activities

The Coast Guard respects the First Amendment rights of protesters. Protesters are asked to call or email the person listed in the FOR FURTHER INFORMATION CONTACT section to coordinate protest activities so that your message can be received without jeopardizing the safety or security of people, places or vessels.

List of Subjects in 33 CFR Part 165

Harbors, Marine safety, Navigation (water), Reporting and recordkeeping requirements, Security measures, Waterways.
For the reasons discussed in the preamble, the Coast Guard amends 33 CFR part 165 as follows:

**PART 165- REGULATED NAVIGATION AREAS AND LIMITED ACCESS AREAS**

1. The authority citation for part 165 continues to read as follows:

   Authority: 46 U.S.C. 70034, 70051; 33 CFR 1.05-1, 6.04-1, 6.04-6, and 160.5; Department of Homeland Security Delegation No. 0170.1.

2. Add §165.T08-0223 to read as follows:

   § 165.T08-0223 Safety Zone; Monongahela River, mile 76.6 Pittsburgh, PA.

   (a) Location. The following area is a temporary safety zone: 20 foot radius of the Garney Construction barge, Monongahela River at mile marker 76.6.

   (b) Effective period. This rule is effective from April 27, 2020 through May 8, 2020.

   (c) Enforcement period. This section will be enforced at all times. The Captain of the Port Marine Safety Unit Pittsburgh (COTP) or a designated representative will provide notice of breaks as appropriate under paragraph (e) of this section.

   (d) Regulations. (1) In accordance with the general regulations in §165.23, entry into this zone is prohibited unless authorized by the Captain of the Port Marine Safety Unit Pittsburgh (COTP) or a designated representative. A designated representative is a commissioned, warrant, or petty officer of the U.S. Coast Guard assigned to units under the operational control of USCG Marine Safety Unit Pittsburgh.

   (2) Persons and vessels seeking entry into this safety zone must request permission from the COTP or a designated representative. They may be contacted on
VHF-FM Channel 16 or by telephone at (412) 221-0807.

(3) Persons and vessels permitted to enter this safety zone must transit at their slowest safe speed and comply with all lawful instructions of the COTP or a designated representative.

(e) Informational broadcasts. The COTP or a designated representative will inform the public of the enforcement period for the safety zone as well as any changes in the schedule through Broadcast Notices to Mariners (BNMs), Local Notices to Mariners (LNMs), and/or Marine Safety Information Bulletins (MSIBs) as appropriate.

Dated: April 23, 2020
