Applicants filing for Title II survivor benefits at the VA complete Form SSA-24, which the VA forwards to SSA for processing. SSA uses the information to determine eligibility for benefits.

Retirement Board, and to determine benefit entitlement and amount. The respondents are Social Security benefit applicants previously employed by a railroad, or dependents of railroad workers.

4. **Modified Benefit Formula Questionnaire-Employer -- 20 CFR 401 & 402-- 0960-0477.** Sections 215(a)(7) and 215(d)(3) of the Social Security
Act requires SSA to use a modified benefit formula to compute Social Security retirement or disability benefits for persons first eligible (after 1985) for both a Social Security benefit and a pension or annuity, based on employment not covered by Social Security. This method is the Windfall Elimination Provision (WEP). SSA makes a determination regarding whether the WEP is applicable, and when to apply it to a person's benefit.

SSA uses Form SSA-58 to verify the claimant's allegations on Form SSA-150 (OMB #0906-0395, Modified Benefits Formula Questionnaire).

SSA also uses Form SSA-58 to determine if the modified benefit formula is applicable and when to apply it to a person’s benefits. SSA sends Form SSA-58 to an employer for pension related information, if the claimant is unable to provide it. The respondents are employers of people who are eligible after 1985 for both Social Security benefits and a pension based on work not covered by SSA.

5. Disability Update Report -- 20 CFR 404.1589-404.1595 and 416.988-416.996 -- 0960-0511. As part of our statutory requirements, SSA periodically uses Form SSA-455, the Disability Update Report, to evaluate current Title II disability beneficiaries’ and Title XVI disability payment recipients’ continued eligibility for Social Security disability payments. Specifically, SSA uses the form to determine if: (1) there is enough evidence to warrant referring the respondent for a full medical Continuing Disability Review (CDR); (2) the respondent’s impairments are still present and indicative of no medical improvement, precluding the need for a CDR; or (3) the respondent has unresolved work-related issues. SSA mails Form SSA-455 to specific disability recipients, whom we select as possibly qualifying for the CDR process. SSA pre-fills the form with data specific to the disability recipient, except for the sections we ask the recipients to complete. When SSA receives the completed form, we scan it into SSA’s system. This allows us to gather the information electronically, and enables SSA to process the returned forms through automated decision
logic to decide the proper course of action to take. The respondents are recipients of Title II and Title XVI Social Security disability payments.

Type of Request: Revision of an OMB-approved information collection.

6. **Authorization for the Social Security Administration to Obtain Wage and Employment Information from Payroll Data Providers -- 0960-0807.** Section 824 of the Bipartisan Budget Act (BBA) of 2015, Public Law 114-74, authorizes SSA to enter into information exchanges with payroll data providers for the purposes of improving program administration and preventing improper payments in the Social Security Disability Insurance (SSDI) and SSI programs. SSA uses Form SSA-8240, “Authorization for the Social Security Administration to Obtain Wage and
Employment Information from Payroll Data Providers,” to secure the authorization needed from the relevant members of the public to obtain their wage and employment information from payroll data providers. Ultimately, SSA uses this wage and employment information to help determine program eligibility and payment amounts. The public completes Form SSA-8240 using the following modalities: a paper form; the Internet; and an in-office or telephone interview, during which an SSA employee documents the wage and employment information authorization information on one of SSA’s internal systems (the Modernized Claims System (MCS); the SSI Claims System; eWork; or iMain). The individual’s authorization remains effective until one of the following four events occurs:

- SSA makes a final adverse decision on the application for benefits, and the applicant has filed no other claims or appeals under the Title for which SSA obtained the authorization;
- the individual’s eligibility for payments ends, and the individual has not filed other claims or appeals under the Title for which SSA obtained the authorization;
- the individual revokes the authorization verbally or in writing;
- the deeming relationship ends (for SSI purposes only).

SSA requests authorization on an as-needed basis as part of the following processes: (a) SSDI and SSI initial claims; (b) SSI redeterminations; and (c) SSDI Work Continuing Disability Reviews. The respondents are
individuals who file for, or are currently receiving, SSDI or SSI payments, and any person whose income and resources SSA counts when determining an individual’s SSI eligibility or payment amount.

Type of Request: Revision of an OMB approved information collection.

**0960-0808.** The myWageReport application enables SSDI beneficiaries and representative payees to report earnings electronically. It generates a receipt for the beneficiary and/or representative payee, thus providing confirmation that SSA received the earnings report. SSA screens the information submitted through the myWageReport application and determines if we need additional employment information. If so, agency personnel reach out to beneficiaries or their representative payees and use Form SSA-821, Work Activity Report (0960-0059), to collect the additional required information. The respondents for this collection are SSDI recipients or their representative payees.
