#### Receipt of Incidental Take Permit Application and Proposed Habitat Conservation Plan for the Sand Skink and Blue-Tailed Mole Skink; Polk County, FL; Categorical Exclusion

**AGENCY:** Fish and Wildlife Service, Interior.

**ACTION:** Notice of availability; request for comments.

**SUMMARY:** We, the Fish and Wildlife Service (Service), announce receipt of an application from the School Board of Polk County (applicant) for an incidental take permit (ITP) under the Endangered Species Act. The applicant requests the ITP to take the federally listed sand skink and blue-tailed mole skink incidental to construction in Polk County, Florida. We request public comment on the application, which includes the applicant's proposed habitat conservation plan (HCP), and on the Service's preliminary determination that this HCP qualifies as "low-effect," categorically excluded under the National Environmental Policy Act. To make this determination, we used our environmental action statement and low-effect screening form, both of which are also available for public review.

**DATES:** We must receive your written comments on or before **[INSERT DATE 30 DAYS AFTER DATE OF PUBLICATION IN THE FEDERAL REGISTER]**.

**ADDRESSES: *Obtaining Documents:*** You may obtain copies of the documents by any of the following methods:

- *Telephone:* Alfredo Begazo, 772–469–4234.
- *Email:* alfredo\_begazo@fws.gov.
- *U.S. mail:* Alfredo Begazo, South Florida Ecological Services Office, Attn. School Board of Polk County Permit TE68779D-0, U.S. Fish and Wildlife Service, 1339 20th Street, Vero Beach, FL 32960–3559.
- *Fax:* Alfredo Begazo, 772–562–4288, Attn: Permit number TE68779D-0.

**Submitting Comments:** If you wish to submit comments on any of the documents, you may do so in writing via the above email address, U.S. mail address, or fax number.

**FOR FURTHER INFORMATION CONTACT:** Alfredo Begazo, by U.S. mail (see **ADDRESSES**) or via phone at 772–469–4234. Individuals who are hearing impaired or speech impaired may call the Federal Relay Service at 800–877–8339 for TTY assistance.

**SUPPLEMENTARY INFORMATION:** We, the Fish and Wildlife Service (Service), announce receipt of an application from the School Board of Polk County (applicant) for an incidental take permit (ITP) under the Endangered Species Act of 1973, as amended (ESA; 16 U.S.C. 1531 *et seq.*). The applicant requests the ITP to take the federally listed sand skink (*Neoseps reynoldsi*) and blue-tailed mole skink (*Eumeces egregious*) (skinks) incidental to the construction of a high school in Polk County, Florida. We request public comment on the application, which includes the applicant's proposed habitat conservation plan (HCP), and on the Service's preliminary determination that this HCP qualifies as “low-effect,” categorically excluded under the National Environmental Policy

Act (NEPA; 42 U.S.C. 4321 *et seq.*). To make this determination, we used our environmental action statement and low-effect screening form, both of which are also available for public review.

## **Project**

The applicant requests a 5-year ITP to take skinks through the conversion approximately 10.05 acres (ac) of occupied skink foraging and sheltering habitat incidental to the construction of a high school on a 60.65-ac parcel in Sections 11 and 14, Township 26 South, Range 27 East, Polk County, Florida. The applicant proposes to mitigate for take of the skinks by purchasing credits equivalent to 20.1 ac of skink-occupied habitat from a Service-approved conservation bank in Polk County. The Service would require the applicant to purchase the credits prior to engaging in any phase of the project.

## **Public Availability of Comments**

Before including your address, phone number, email address, or other personal identifying information in your comment, be aware that your entire comment—including your personal identifying information—may be made available to the public. While you may request that we withhold your personal identifying information, we cannot guarantee that we will be able to do so.

## **Our Preliminary Determination**

The Service has made a preliminary determination that the applicant's project, including land clearing, construction of the high school, and the proposed mitigation measure, would individually and cumulatively have a minor or negligible effect on the skinks and the environment. Therefore, we have preliminarily concluded that the ITP for

this project would qualify for categorical exclusion and the HCP would be low effect under our NEPA regulations at 43 CFR 46.205 and 46.210. A low-effect HCP is one that would result in (1) minor or negligible effects on federally listed, proposed, and candidate species and their habitats; (2) minor or negligible effects on other environmental values or resources; and (3) impacts that, when considered together with the impacts of other past, present, and reasonable foreseeable similarly situated projects, would not result in significant cumulative effects to environmental values or resources over time.

### **Next Steps**

The Service will evaluate the application and the comments to determine whether to issue the requested permit. We will also conduct an intra-Service consultation pursuant to section 7 of the ESA to evaluate the effects of the proposed take. After considering the preceding matters, we will determine whether the permit issuance criteria of section 10(a)(1)(B) of the ESA have been met. If met, the Service will issue ITP number TE68779D-0 to the School Board of Polk County for incidental take of skinks.

### **Authority**

The Service provides this notice under section 10(c) (16 U.S.C. 1539(c)) of the ESA and NEPA regulation 40 CFR 1506.6.

**Roxanna Hinzman,**
