**SUMMARY:** The Institute of Museum and Library Services (IMLS), as part of its continuing effort to reduce paperwork and respondent burden, conducts a pre-clearance consultation program to provide the general public and federal agencies with an opportunity to comment on proposed and/or continuing collections of information in accordance with the Paperwork Reduction Act. This program helps to ensure that requested data can be provided in the desired format, reporting burden (time and financial resources) is minimized, collection instruments are clearly understood, and the impact of collection requirements on respondents can be properly assessed. A copy of the proposed information collection request can be obtained by contacting the individual listed below in the **ADDRESSES** section of this notice.

**DATES:** Written comments must be submitted to the office listed in the **FOR FURTHER INFORMATION CONTACT** section below on or before June 13, 2020.

OMB is particularly interested in comments that help the agency to:

- Evaluate whether the proposed collection of information is necessary for the proper performance of the functions of the agency, including whether the information will have practical utility;

- Evaluate the accuracy of the agency's estimate of the burden of the proposed collection of information, including the validity of the methodology and assumptions used;
- Enhance the quality, utility, and clarity of the information to be collected; and
- Minimize the burden of the collection of information on those who are to respond, including through the use of appropriate automated, electronic, mechanical, or other technological collection techniques or other forms of information technology (e.g., permitting electronic submission of responses).

*Current Actions:* To administer a special initiative in the Museums for America (MFA) grant program titled **Museums Empowered: Professional Development Opportunities for Museum Staff**.

Museums Empowered: Professional Development Opportunities for Museum Staff is a special initiative of the Museums for America grant program with the goal of strengthening the ability of an individual museum to serve its public through professional development activities that cross-cut various departments to generate systemic change within the museum.

Museums need to be dynamic to respond to fast-evolving technological advances and changing demographics. Museums also need to generate and share results that document the effectiveness of their work in addressing community problems. In addition, they need to develop sustainable organizational structures and flexible strategies for long-term stability. Professional development is critical for museums to deliver on these areas of need.

IMLS encourages applicants to invest in the professional development of museum staff, leadership, and volunteers to enhance their skills and ensure the highest standards in all aspects of museum operations. Potential projects should involve multiple levels of staff and generate organizational change.

Your project should align with one of the following four categories: (1) Digital Technology, (2) Diversity and Inclusion, (3) Evaluation, and (4) Organizational Management.

This action is to seek renewal clearance of the “Museums Empowered: Professional Development Opportunities for Museum Staff.” The 60-day was published in the **Federal Register** on November 14, 2019 (FR vol. 84, No. 220, pgs. 61942-61943). There were no public comments.
