*Confidential Business Information:* Confidential Business Information (CBI) is commercial or financial information that is both customarily and actually treated as private by its owner. Under the Freedom of Information Act (FOIA) (5 U.S.C. 552), CBI is exempt from public disclosure. If your comments responsive to this notice contain commercial or financial information that is customarily treated as private, that you actually treat as private, and that is relevant or responsive to this notice, it is important that you clearly designate the submitted comments as CBI. Pursuant to 49 Code of Federal Regulations (CFR) § 190.343, you may ask PHMSA to give confidential treatment to information you give to the agency by taking the following steps: (1) mark each page of the original document submission containing CBI as “Confidential”; (2) send PHMSA, along with the original document, a second copy of the

original document with the CBI deleted; and (3) explain why the information you are submitting is CBI. Unless you are notified otherwise, PHMSA will treat such marked submissions as confidential under the FOIA, and they will not be placed in the public docket of this notice. Submissions containing CBI should be sent to Kay McIver, DOT, PHMSA-PHP-80, 1200 New Jersey Avenue, SE, Washington, DC 20590-0001. Any commentary PHMSA receives that is not specifically designated as CBI will be placed in the public docket for this matter.

**SUPPLEMENTARY INFORMATION:** PHMSA received a special permit request from TETLP, owned by Enbridge, Inc., seeking a waiver from the requirements of 49 CFR § 192.611: Change in class location: Confirmation or revision of maximum allowable operating pressure. This special permit is being requested for Class 1 to Class 3 location changes in lieu of pipe replacement or pressure reduction for six (6) special permit segments totaling 8.12 miles of the TETLP interstate natural gas transmission pipeline system located in Williamson County, Tennessee. The special permit segments are comprised of 2.70 miles of 30-inch diameter Line 10, 2.72 miles of 30-inch diameter Line 15, and 2.70 miles of 36-inch diameter Line 25 pipelines with existing maximum allowable operating pressures of 936 pounds per square inch gauge. The installation dates of the TETLP special permit segments range from 1952 to 1968.

The special permit request, proposed special permit with conditions, and Draft Environmental Assessment (DEA) for the TETLP pipelines are available for review and public comment in Docket No. PHMSA-2020-0043. We invite interested persons to review and submit comments on the special permit request and DEA in the docket. Please include any comments on potential safety and environmental impacts that may result if the special permit is granted. Comments may include relevant data.

Before issuing a decision on the special permit request, PHMSA will evaluate all comments received on or before the comment closing date. Comments received after the closing date will be evaluated, if it is possible to do so without incurring additional expense or delay. PHMSA will consider each relevant comment we receive in making our decision to grant or deny this request.

Issued in Washington, DC, under authority delegated in 49 CFR § 1.97.

Alan K. Mayberry,  
*Associate Administrator for Pipeline Safety.*
