SUPPLEMENTARY INFORMATION:

Title: Late Filing of Certification or Notices.

OMB Number: 1545-2098.

Regulation Project Number: Rev. Proc. 2008-27.

Abstract: The IRS needs certain information to determine whether a taxpayer should be granted permission to make late filings of certain statements or notices under sections 897 and 1445. The information submitted will include a statement by the taxpayer demonstrating reasonable cause for the failure to timely make relevant filings under sections 897 and 1445. This revenue procedure provides a simplified method for taxpayers to request relief for late filings under sections 1.897-2(g)(1)(ii)(A), 1.897-2(h)(2), 1.1445-2(d)(2), 1.1445-5(b)(2), and 1.1445-5(b)(4) of the Income Tax Regulations.

Current Actions: There is no change to the burden previously approved by OMB. This request is being submitted for renewal purposes only.

Type of Review: Extension of a currently approved collection.

Affected Public: Businesses and other for-profit organizations, Farms.

Estimated Number of Respondents: 250.

Estimated Time Per Respondent: 4 hours.

Estimated Total Annual Burden Hours: 1,000.

The following paragraph applies to all the collections of information covered by this notice:

An agency may not conduct or sponsor, and a person is not required to respond to, a collection of information unless the collection of information displays a valid OMB control number.

Books or records relating to a collection of information must be retained if their contents may become material in the administration of any internal revenue law. Generally, tax returns and tax return information are confidential, as required by 26 U.S.C. 6103.

Desired Focus of Comments: The Internal Revenue Service (IRS) is particularly interested in comments that:

- Evaluate whether the proposed collection of information is necessary for the proper performance of the functions of the agency, including whether the information will

have practical utility;

- Evaluate the accuracy of the agency's estimate of the burden of the proposed collection of information, including the validity of the methodology and assumptions used;
- Enhance the quality, utility, and clarity of the information to be collected; and
- Minimize the burden of the collection of information on those who are to respond, including using appropriate automated, electronic, mechanical, or other technological collection techniques or other forms of information technology, e.g., by permitting electronic submissions of responses.

Comments submitted in response to this notice will be summarized and/or included in the ICR for OMB approval of the extension of the information collection; they will also become a matter of public record.

Approved: May 14, 2020.

Ronald J. Durbala,
IRS Tax Analyst.
