#### **Enable Mississippi River Transmission, LLC; Notice of Application**

Take notice that on May 15, 2020, Enable Mississippi River Transmission, LLC (MRT), 910 Louisiana Street, Suite 4840, Houston, Texas 77002, filed in the above referenced docket an application pursuant to section 7(c) of the Natural Gas Act (NGA), 15 U.S.C. 717f(c) of the regulations of the Federal Energy Regulatory Commission requesting authorization for an amendment to its certificate of public convenience necessity pursuant to Part 157, Subpart A of the Commission's regulations for the East Unionville Storage Field located in Lincoln Parish, Louisiana. MRT seeks authorization to reduce East Unionville's certificated cushion gas capacity to 19.1 Bcf and to increase East Unionville's working gas capacity to 36.1 Bcf. MRT states that with the approval of these proposed changes, the East Unionville's certificated total capacity of 55.2 Bcf will not change. MRT also requests approval of the accounting entries associated with the amendments to the East Unionville Certificate, all as more fully set forth in the application which is on file with the Commission and open to public inspection. The filing is available for review on the Commission's website web at <http://www.ferc.gov> using the "eLibrary" link. At this time, the Commission has suspended access to the Commission's Public Reference Room, due to the proclamation declaring a National Emergency concerning the Novel Coronavirus Disease (COVID-19), issued by the President on March 13, 2020.

Any questions concerning this application may be directed to Jonathan Christian, Associate General Counsel, Enable Mississippi River Transmission, LLC, 910 Louisiana Street, 48th Floor, Houston, TX 77002, by phone at (346) 701-2146, or by e-mail at [jonathan.christian@enablemidstream.com](mailto:jonathan.christian@enablemidstream.com).

Pursuant to section 157.9 of the Commission's rules (18 CFR 157.9), within 90 days of this Notice, the Commission staff will either: complete its environmental assessment (EA) and place it into the Commission's public record (eLibrary) for this proceeding; or issue a Notice of Schedule for Environmental Review. If a Notice of Schedule for Environmental Review is issued, it will indicate, among other milestones, the anticipated date for the Commission staff's issuance of the final environmental impact statement (FEIS) or EA for this proposal. The filing of the EA in the Commission's public record for this proceeding or the issuance of a Notice of Schedule for Environmental Review will serve to notify federal and state agencies of the timing for the completion of all necessary reviews, and the subsequent need to complete all federal authorizations within 90 days of the date of issuance of the Commission staff's FEIS or EA.

There are two ways to become involved in the Commission's review of this project. First, any person wishing to obtain legal status by becoming a party to the proceedings for this project should, on or before the comment date stated below file with

the Federal Energy Regulatory Commission, 888 First Street, NE, Washington, DC 20426, a motion to intervene in accordance with the requirements of the Commission's Rules of Practice and Procedure (18 CFR 385.214 or 385.211) and the Regulations under the NGA (18 CFR 157.10). A person obtaining party status will be placed on the service list maintained by the Secretary of the Commission and will receive copies of all documents filed by the applicant and by all other parties. Only parties to the proceeding can ask for court review of Commission orders in the proceeding.

However, a person does not have to intervene in order to have comments considered. The second way to participate is by filing with the Secretary of the Commission, as soon as possible, an original and two copies of comments in support of or in opposition to this project. The Commission will consider these comments in determining the appropriate action to be taken, but the filing of a comment alone will not serve to make the filer a party to the proceeding. The Commission's rules require that persons filing comments in opposition to the project provide copies of their protests only to the party or parties directly involved in the protest.

Persons who wish to comment only on the environmental review of this project should submit an original and two copies of their comments to the Secretary of the Commission. Environmental commentators will be placed on the Commission's environmental mailing list and will be notified of any meetings associated with the Commission's environmental review process. Environmental commentators will not be required to serve copies of filed documents on all other parties. However, the non-party commentators will not receive copies of all documents filed by other parties or issued by

the Commission and will not have the right to seek court review of the Commission's final order.

In addition to publishing the full text of this document in the Federal Register, the Commission provides all interested persons an opportunity to view and/or print the contents of this document via the internet through the Commission's Home Page (<http://ferc.gov>) using the "eLibrary" link. Enter the docket number excluding the last three digits in the docket number field to access the document. At this time, the Commission has suspended access to the Commission's Public Reference Room, due to the proclamation declaring a National Emergency concerning the Novel Coronavirus Disease (COVID-19), issued by the President on March 13, 2020.
