Privacy Act of 1974; Matching Program.

AGENCY: Federal Communications Commission.

SUMMARY: In accordance with the Privacy Act of 1974, as amended (“Privacy Act”), this document announces the establishment of a computer matching program the Federal Communications Commission (“FCC” or “Commission” or “Agency”) and the Universal Service Administrative Company (USAC) will conduct with the State of Wisconsin’s Department of Health Services (DHS) and Department of Revenue (DOR) (“Agencies”). The purpose of this matching program is to verify the eligibility of applicants to and subscribers of the Universal Service Fund (USF) Lifeline program, which is administered by USAC under the direction of the FCC. More information about this program is provided in the

SUPPLEMENTARY INFORMATION: The Lifeline program provides support for discounted broadband and voice services to low-income consumers. Lifeline is administered by the Universal Service Administrative Company (USAC) under FCC direction. Consumers qualify for Lifeline through

proof of income or participation in a qualifying program, such as Medicaid, the Supplemental Nutritional Assistance Program (SNAP), Federal Public Housing Assistance, Supplemental Security Income (SSI), Veterans and Survivors Pension Benefit, and/or various Tribal-specific federal assistance programs. In a Report and Order adopted on March 31, 2016, the Commission ordered USAC to create a National Lifeline Eligibility Verifier (“National Verifier”), including the National Lifeline Eligibility Database (LED), that would match data about Lifeline applicants and subscribers with other data sources to verify the eligibility of an applicant or subscriber. The Commission found that the National Verifier would reduce compliance costs for Lifeline service providers, improve service for Lifeline subscribers, and reduce waste, fraud, and abuse in the program. The purpose of this particular program is to verify Lifeline eligibility by establishing that applicants or subscribers in Wisconsin are enrolled in the SNAP, SSI, or Medicaid programs, and/or through Income Verification data.

PARTICIPATING NON-FEDERAL AGENCIES:

Wisconsin Department of Health Services (DHS) and Wisconsin Department of Revenue (DOR).

AUTHORITY FOR CONDUCTING THE MATCHING PROGRAM:

47 U.S.C. 254; 47 CFR 54.400 et seq.; Lifeline and Link Up Reform and Modernization, et al., Third Report and Order, Further Report and Order, and Order on Reconsideration, 31 FCC Rcd 3962, 4006-21, paras. 126-66 (2016) (2016 Lifeline Modernization Order).

PURPOSE(S):

In the 2016 Lifeline Modernization Order, the FCC required USAC to develop and operate a National Lifeline Eligibility Verifier (National Verifier) to improve efficiency and reduce waste, fraud, and abuse in the Lifeline program. The stated purpose of the National Verifier is “to increase the integrity and improve the performance of the Lifeline program for the benefit of a variety of Lifeline participants, including Lifeline providers, subscribers, states, community-based organizations, USAC, and the Commission.” 31 FCC Rcd 3962, 4006, para. 126. To help determine whether Lifeline applicants and subscribers are eligible for Lifeline benefits, the Order contemplates that a USAC-operated Lifeline

Eligibility Database (LED) will communicate with information systems and databases operated by other Federal and State agencies. Id. at 4011-2, paras. 135-7.

CATEGORIES OF INDIVIDUALS:

The categories of individuals whose information is involved in this matching program include, but are not limited to, those individuals (residing in a single household) who have applied for Lifeline benefits; are currently receiving Lifeline benefits; are individuals who enable another individual in their household to qualify for Lifeline benefits; are minors whose status qualifies a parent or guardian for Lifeline benefits; are individuals who have received Lifeline benefits; or are individuals acting on behalf of an eligible telecommunications carrier (ETC) who have enrolled individuals in the Lifeline program.

CATEGORIES OF RECORDS:

The categories of records involved in the matching program include, but are not limited to, the last four digits of the Lifeline applicant's Social Security Number, and first name and last name. The National Verifier will transfer these data elements to the Wisconsin DHS and Wisconsin DOR, which will respond either "yes" or "no" that the individual meets income verification criteria or is enrolled in a Lifeline-qualifying assistance program: State of Wisconsin's SNAP, Medicaid, and SSI.

SYSTEM(S) OF RECORDS:

The USAC records shared as part of this matching program reside in the Lifeline system of records, FCC/WCB-1, Lifeline Program, a notice of which the FCC published at 82 Fed. Reg. 38,686 (Aug. 15, 2017) and which became effective on September 14, 2017.

Federal Communications Commission.
