OFFICE OF THE UNITED STATES TRADE REPRESENTATIVE

Notice of Product Exclusion and Amendments: China’s Acts, Policies, and Practices
Related to Technology Transfer, Intellectual Property, and Innovation

AGENCY: Office of the United States Trade Representative.

ACTION: Notice of product exclusion and amendments.

SUMMARY: In September 2018, the U.S. Trade Representative imposed additional duties on goods of China with an annual trade value of approximately $200 billion as part of the action in the Section 301 investigation of China’s acts, policies, and practices related to technology transfer, intellectual property, and innovation. The U.S. Trade Representative initiated a product exclusion process in June 2019, and interested persons have submitted requests for the exclusion of specific products. This notice announces the U.S. Trade Representative’s determination to grant an additional exclusion request, as specified in the Annex to this notice, and corrects technical errors in previously announced exclusions.

DATES: The product exclusions announced in this notice will apply as of September 24, 2018, the effective date of the $200 billion action, and extend to August 7, 2020. The amendments announced in this notice are retroactive to the date that the original exclusions were published.

FOR FURTHER INFORMATION CONTACT: For general questions about this notice, contact Assistant General Counsels Philip Butler or Megan Grimball, or Director of Industrial Goods Justin Hoffmann at (202) 395-5725. For specific questions on
customs classification or implementation of the product exclusions identified in the Annex to this notice, contact traderemedy@cbp.dhs.gov.

SUPPLEMENTARY INFORMATION:

A. Background

Effective September 24, 2018, the U.S. Trade Representative imposed additional 10 percent *ad valorem* duties on goods of China classified in 5,757 full and partial subheadings of the Harmonized Tariff Schedule of the United States (HTSUS), with an approximate annual trade value of $200 billion. *See* 83 FR 47974, as modified by 83 FR 49153. In May 2019, the U.S. Trade Representative increased the additional duty to 25 percent. *See* 84 FR 20459. On June 24, 2019, the U.S. Trade Representative established a process by which stakeholders could request exclusion of particular products classified
within an eight-digit HTSUS subheading covered by the $200 billion action from the additional duties. See 84 FR 29576 (the June 24 notice).

Under the June 24 notice, requests for exclusion had to identify the product subject to the request in terms of the physical characteristics that distinguish the product from other products within the relevant eight-digit HTSUS subheading covered by the $200 billion action. Requestors also had to provide the ten-digit HTSUS subheading most applicable to the particular product requested for exclusion, and could submit information on the ability of U.S. Customs and Border Protection to administer the requested exclusion. Requestors were asked to provide the quantity and value of the Chinese-origin product that the requestor purchased in the last three years. With regard to the rationale for the requested exclusion, requests had to address the following factors:

- Whether the particular product is available only from China and specifically whether the particular product and/or a comparable product is available from sources in the United States and/or third countries.
- Whether the imposition of additional duties on the particular product would cause severe economic harm to the requestor or other U.S. interests.
- Whether the particular product is strategically important or related to “Made in China 2025” or other Chinese industrial programs.

The June 24 notice stated that the U.S. Trade Representative would take into account whether an exclusion would undermine the objective of the Section 301 investigation.

The June 24 notice required submission of requests for exclusion from the $200 billion action no later than September 30, 2019, and noted that the U.S. Trade Representative periodically would announce decisions. In August 2019, the U.S. Trade
Representative granted an initial set of exclusion requests. See 84 FR 38717. The U.S. Trade Representative granted additional exclusions in September, October, November and December 2019, and January, February, March, April and May 2020. See 84 FR 49591; 84 FR 57803; 84 FR 61674; 84 FR 65882; 84 FR 69012; 85 FR 549; 85 FR 6674; 85 FR 9921; 85 FR 15015; 85 FR 17158; 85 FR 23122; 85 FR 27489; and 85 FR 32094. The Office of the United States Trade Representative regularly updates the status of each pending request on the Exclusions Portal at https://exclusions.ustr.gov/s/docket?docketNumber=USTR-2019-0005.

B. Determination to Grant Certain Exclusions

Based on evaluation of the factors set forth in the June 24 notice, which are summarized above, pursuant to sections 301(b), 301(c), and 307(a) of the Trade Act of 1974, as amended, and in accordance with the advice of the interagency Section 301 Committee, the U.S. Trade Representative has determined to grant the product exclusion set forth in the Annex to this notice. The U.S. Trade Representative’s determination also takes into account advice from advisory committees and any public comments on the pertinent exclusion requests.

As set forth in the Annex, the exclusion is reflected in one specially prepared product description, which responds to one exclusion request.

In accordance with the June 24 notice, the exclusion is available for any product that meets the description in the Annex, regardless of whether the importer benefitting from the product exclusion filed an exclusion request. Further, the scope of the exclusion is governed by the scope of the product description in the Annex, and not by the product description found in any particular request for exclusion.
Paragraph A, of the Annex contains a conforming amendment to the HTSUS reflecting the modifications made by the Annex.

Paragraph B of the Annex makes technical corrections to certain notes of the HTSUS. Specifically, paragraph B, subparagraph (1), corrects a typographical error in the product descriptions contained in U.S. note (20)(mm)(30), published at 84 FR 61674.

Paragraph B, subparagraphs (2)-(5), make technical corrections to the specially prepared product descriptions in certain notes to the HTSUS, specifically, U.S. notes (20)(xx)(17) and (47), published at 85 FR 23122 (April 24, 2020), and U.S. notes (20)(yy)(54) and (65), published at 85 FR 27489 (May 8, 2020).

As stated in the September 20, 2019 notice, the exclusions will apply from September 24, 2018 to August 7, 2020. U.S. Customs and Border Protection will issue instructions on entry guidance and implementation.

The U.S. Trade Representative will continue to issue determinations on pending requests on a periodic basis.
