## **SUPPLEMENTARY INFORMATION:**

### *I. Abstract*

This request is for extension of a current information collection.

Regulations at 50 CFR 648.8 and 697.8 require that owners of vessels over 25 ft (7.6 m) in registered length that have Federal permits to fish in the Greater Atlantic Region display the vessel's name and official number. The name and number must be of a specific size at specified locations: the vessel name must be affixed to the port and starboard sides of the bow and, if possible, on its stern. The official number must be displayed on the port and starboard sides of the deckhouse or hull, and on an appropriate weather deck so as to be clearly visible from enforcement vessels and aircraft. The success of fisheries management programs depends upon regulatory compliance. The vessel identification requirement, which is required of all federally permitted fishing vessels in the Greater Atlantic region, is essential to facilitate enforcement. The ability to link fishing or other activities to a vessel owner or operator is crucial to the enforcement of regulations issued under the authority of the Magnuson-Stevens Fisheries Conservation and Management Act. When this information is clearly displayed, it enables enforcement personnel to easily identify Federal permit holders while engaged in fishing.

### *II. Method of Collection*

No information is submitted to the National Marine Fisheries Service (NMFS) as a result of this collection. The vessel's identification information must be affixed to the vessel in the designated locations, as specified in the regulations.
