Abstract of Proposed Collection

The Directorate of Defense Trade Controls (DDTC), located in the Political-Military Affairs Bureau of the Department of State, has the principal mission of licensing the export and temporary import of defense articles or defense services as enumerated in the United States Munitions List (USML), and to ensure that the sale, transfer, or brokering of such items are in the interest of United States national security and foreign policy.

Sections 126.9 and 129.9 of the International Traffic in Arms Regulations (ITAR, 22 CFR 120-130) may be used by entities and individuals involved in the brokering, manufacture, export, and temporary import of defense articles and defense services to request an advisory opinion as to whether DDTC would be likely to grant a license or other approval for the export of a particular defense article or defense service to a particular country; for general or regulatory guidance; or whether certain activity constitutes brokering under the meaning of the ITAR. Except for determinations made with reference to ITAR § 129.9(b), advisory opinions are not binding on the Department of State and may not be used in future matters before the Department.

Users electronically submit requests for advisory opinions to DDTC via The Defense Export Control and Compliance System (DECCS) portal; users are able to

retrieve responses using the same system. DDTC staff members have defined the data fields which are most relevant and necessary for requests for advisory opinions and developed the means to accept this information from the industry in a secure system. The revision of this information collection is meant to conform the current OMB-approved data collection to DDTC's new case management system.

Methodology

This information will be collected by electronic submission to the Directorate of Defense Trade Controls.

Director of Management,

Directorate of Defense Trade Controls,
