208. NASA HARASSMENT REPORT CASE FILES (10 HRCF) EXEMPTION (SECTION 610 REVIEW)

EO 13771 Designation: Other

Abstract: NASA is issuing a direct final rule to modify the Agency’s Privacy Act Regulations to exempt investigative materials found in NASA Harassment Report Case Files. The harassment report case records are used for the purpose of investigative materials for potential law enforcement purposes. The exemption would prevent these investigative case files from being released under the Privacy Act. Case Files records are exempted from the following sections of the Privacy Act (5 U.S.C. 552a): (c)(3) relating to access to the disclosure accounting; (d) relating to access to the records; (e)(1) relating to the type of information maintained in the records; (e)(4)(G), (H) and (I) relating to publishing in the annual system notice information as to agency procedures for access and correction and information as to the categories of sources of records; and (f) relating to developing agency rules for gaining access and making corrections.
