II. Self-Regulatory Organization's Statement of the Purpose of, and Statutory Basis for, the Proposed Rule Change

In its filing with the Commission, the Exchange included statements concerning the purpose of and basis for the proposed rule change and discussed any comments it received on the proposed rule change. The text of these statements may be examined at the places specified in Item IV below.

The Exchange has prepared summaries, set forth in sections A, B, and C below, of the most significant aspects of such statements.

A. Self-Regulatory Organization's Statement of the Purpose of, and Statutory Basis for, the Proposed Rule Change

1. Purpose

Rule 6.61 describes exceptions to the prohibition against off-floor transactions set forth in Rule 6.60, subject to certain conditions. The exception in Rule 6.61(a)(2) provides that off-floor transfers of positions are permissible if from one account to another account where no change in ownership is involved (i.e., accounts of the same person),⁵ provided the accounts are not in separate aggregation units or otherwise subject to information barrier or account segregation requirements. These transfers are subject to, among other things, the requirement to submit prior written notice of the transfers to the Exchange pursuant to paragraph (d) and the restriction on effecting these transfers repeatedly or routinely.

The proposed rule change excepts off-floor position transfers effected pursuant to Rule 6.61(a)(2) from the prior written notice requirement in paragraph (d) and from repeated, recurring use restriction in paragraph (g). Off-floor position transfers pursuant to Rule 6.61(a)(2) do not involve a change in ownership. In other words, such transfers may only occur between the same individual or legal entity. These types of transfers are merely transfers of positions from one account to another, both of which accounts are attributable to the same individual or legal entity, and thus the transferred option positions will continue to be attributable to the same person. A market participant effecting an off-floor position transfer pursuant to Rule 6.61(a)(2) is analogous to an individual transferring funds from a checking account to a savings account, or from an account at one bank to an account at another bank – the money still belongs to the same person, who is just holding it in a different account for personal financial reasons.

⁵ Rule 1.1 defines “person” as an individual, partnership (general or limited), joint stock company, corporation, limited liability company, trust, or unincorporated organization, or any governmental entity or agency or political subdivision thereof.

Because there is no change in ownership of positions transferred pursuant to Rule 6.61(a)(2), the Exchange believes it is appropriate to permit them to occur as routinely and repeatedly as a market participant would like. These transfers will continue to be subject to the prohibition on netting set forth in Rule 6.61(b), and thus may not result in the closing of any positions. While the off-floor position transfers permitted by Rule 6.61 were intended to accommodate non-routine and non-recurring transfers, the Exchange believes permitting routine, recurring off-floor position transfers that do not result in a change in ownership or reduction in open interest is consistent with the purpose of not being used to circumvent the normal auction purpose. Additionally, given that these transfers may occur on a regular basis in accordance with a market participants' business needs and procedures, the Exchange believes prior written notice would be onerous and would not serve any purpose given the lack of change in ownership and in open interest. The Exchange believes this will provide market participants with additional flexibility to structure their option position accounts as they believe is appropriate and move their positions between accounts as they deem necessary and appropriate for their business and trading needs, including for risk management purposes.

2. Statutory Basis

The Exchange believes the proposed rule change is consistent with the Securities Exchange Act of 1934 (the "Act") and the rules and regulations thereunder applicable to the Exchange and, in particular, the requirements of Section 6(b) of the Act.⁶ Specifically, the Exchange believes the proposed rule change is consistent with the Section 6(b)(5)⁷ requirements that the rules of an exchange be designed to prevent fraudulent and manipulative acts and

⁶ 15 U.S.C. 78f(b).

⁷ 15 U.S.C. 78f(b)(5).

practices, to promote just and equitable principles of trade, to foster cooperation and coordination with persons engaged in regulating, clearing, settling, processing information with respect to, and facilitating transactions in securities, to remove impediments to and perfect the mechanism of a free and open market and a national market system, and, in general, to protect investors and the public interest. Additionally, the Exchange believes the proposed rule change is consistent with the Section 6(b)(5)⁸ requirement that the rules of an exchange not be designed to permit unfair discrimination between customers, issuers, brokers, or dealers.

In particular, the Exchange believes the proposed rule change will remove impediments to and perfect the mechanism of a free and open market and a national market system, and, in general, to protect investors and the public interest because it will provide market participants with a more efficient process to transfer open positions between their own accounts in accordance with their own business and trading needs, including to respond to then-current market conditions. Because these transfers would not result in a change in ownership or a reduction in open interest, the Exchange believes the proposed rule change remains consistent with the purpose of Rule 6.61, which was to prohibit use of the off-floor transfer procedure in circumvention of the normal auction process, as the normal auction process involves the opening or closing of positions through a transaction among multiple market participants. Market participants may maintain different accounts for a variety of reasons, such as the structure of their businesses, the manner in which they trade, their risk management procedures, and for capital purposes. Given that these transfers may occur on a regular basis in accordance with a market participants' business needs and procedures, the Exchange believes prior written notice would be onerous and would not serve any purpose given the lack of change in ownership and in

open interest. Therefore, the proposed rule change will benefit investors by permitting market participants to manage the open positions in their accounts in a manner consistent with their businesses.

The Exchange recognizes the numerous benefits of executing options transactions on an exchange, including price transparency, potential price improvement, and a clearing guarantee. However, the Exchange believes it is appropriate to permit position transfers among accounts of the same individual or legal entity where there is no impact on open interest to occur off the exchange, as these benefits are inapplicable to those transfers. These transfers have a narrow scope and are intended to permit market participants to achieve their own business needs. These transfers are not intended to be a competitive trading tool. There is no need for price discovery or improvement, as the transfer merely moves positions to different accounts for the same person and does not open or close any positions. These transfers will result in no change in ownership. The transactions that resulted in the open positions to be transferred pursuant to Rule 6.61(a)(2) were already guaranteed by a clearing member of The Options Clearing Corporation (“OCC”), and the positions may not be closed pursuant to the transfer and will continue to be subject to OCC rules, as they will continue to be held in an account with an OCC clearing member.

B. Self-Regulatory Organization’s Statement on Burden on Competition

The Exchange does not believe that the proposed rule change will impose any burden on competition that is not necessary or appropriate in furtherance of the purposes of the Act. The proposed rule change is not intended to address competitive issues. The Exchange does not believe that the proposed rule change will impose any burden on intramarket competition that is not necessary or appropriate in furtherance of the purposes of the Act because the proposed rule change will apply to all market participants in the same manner. All market participants will be able to effect off-floor position transfers pursuant to Rule 6.61(a)(2) on a recurring or routine

basis without providing the Exchange with notice of such transfers. The Exchange does not believe the proposed rule change will impose any burden on intermarket competition that is not necessary or appropriate in furtherance of the purposes of the Act because it relates solely to the notice required for off-floor transfers that may occur today, and the frequency with which those transfers may occur. These transfers will continue to not result in a change in ownership or netting, and thus will have no impact on outstanding option positions.

C. Self-Regulatory Organization's Statement on Comments on the Proposed Rule Change Received from Members, Participants, or Others

The Exchange neither solicited nor received comments on the proposed rule change.

III. Date of Effectiveness of the Proposed Rule Change and Timing for Commission Action

The Exchange has filed the proposed rule change pursuant to Section 19(b)(3)(A)(iii) of the Act⁹ and Rule 19b-4(f)(6) thereunder.¹⁰ Because the foregoing proposed rule change does not: (i) significantly affect the protection of investors or the public interest; (ii) impose any significant burden on competition; and (iii) become operative for 30 days from the date on which it was filed, or such shorter time as the Commission may designate, it has become effective pursuant to Section 19(b)(3)(A) of the Act¹¹ and Rule 19b-4(f)(6)¹² thereunder.

At any time within 60 days of the filing of the proposed rule change, the Commission summarily may temporarily suspend such rule change if it appears to the Commission that such action is necessary or appropriate in the public interest, for the protection of investors, or otherwise in furtherance of the purposes of the Act. If the Commission takes such action, the
