Title of Collection: Formula Grant EASIE Electronic Application System for Indian Education

OMB Control Number: 1810-0021

Type of Review: A revision of an existing information collection

Respondents / Affected Public: State, Local and Tribal Organizations

Total Estimated Number of Annual Responses: 11,300

Total Estimated Number of Annual Burden Hours: 7,050

Abstract: The Indian Education Formula Grant (CFDA 84.060A) requires the annual submission of the application from the local educational agency and/or tribe. The amount of each applicant's award is determined by formula, based upon the reported number of American Indian/Alaska Native students identified in the application, the state per pupil expenditure, and the total appropriation available. Applicants provide the data required for funding electronically, and the Office of Indian Education (OIE) is able to apply electronic tools to facilitate the review and analysis leading to grant awards. This change request will result in a reduction in burden of 1,950 hours and \$39,000 for the public. The change in burden is due to technical changes in the forms that made them electronically fillable and a reduction in the number of questions in the collection.
