#### **SUPPLEMENTARY INFORMATION:**

##### Background

On June 10, 2020, the Postal Service published its proposed rule to revise its discretionary Semipostal Stamp Program regulations to provide more flexibility to manage the program (85 FR 35404). The Postal Service received 63 comment letters from the public, associations, and members of Congress. All commenters were in favor of the revisions. Most noted that the revisions would permit resumption of sales of the Alzheimer's semipostal stamp.

##### Summary of Changes

The regulations in effect before this final rule, promulgated April 20, 2016, limited sales of discretionary semipostal stamps to one at a time and a two-year sales period, and

contemplated five semipostal stamp offerings over the 10-year term of the Semipostal Stamp program. This proved impracticable. Further, the Postal Service encountered continued interest in the sale of a previously offered discretionary semipostal stamp for which the Postal Service possesses unsold inventory.

The final rule eliminates the one at a time limitation and the two-year sales period limitation, and provides more flexibility to the Postal Service. The immediate effect of this final rule is to permit resumption of sales of the Alzheimer's semipostal stamp.
