DEPARTMENT OF TRANSPORTATION

Federal Aviation Administration

14 CFR Part 71

[Docket No. FAA-2020-0768; Airspace Docket No. 18-AWP-25]

RIN 2120-AA66

Proposed Amendment of Class D and E airspace; Truckee, CA

AGENCY: Federal Aviation Administration (FAA), DOT.

ACTION: Notice of proposed rulemaking (NPRM).

SUMMARY: This action proposes to modify Class E airspace, designated as an extension to Class D or Class E surface airspace, at Truckee-Tahoe Airport. This action also proposes to modify Class E airspace extending upward from 700 feet above the surface. Lastly, this action proposes an administrative correction to all of the airspace’s legal descriptions. This action would ensure the safety and management of instrument flight rule (IFR) operations at the airport.

DATES: Comments must be received on or before [INSERT DATE 45 DAYS AFTER DATE OF PUBLICATION IN THE FEDERAL REGISTER].

ADDRESSES: Send comments on this proposal to the U.S. Department of Transportation, Docket Operations, 1200 New Jersey Avenue SE, West Building Ground Floor, Room W12-140, Washington, DC 20590; telephone: 1-800-647-5527, or (202) 366-9826. You must identify FAA Docket No. FAA-2020-0768; Airspace Docket No. 18-AWP-25, at the beginning of your comments. You may also submit comments through the Internet at https://www.regulations.gov. FAA Order 7400.11D, Airspace Designations and Reporting Points, and subsequent amendments can be viewed online at https://www.faa.gov/air_traffic/publications/.
information, you can contact the Airspace Policy Group, Federal Aviation Administration, 800 Independence Avenue SW, Washington, DC 20591; telephone: (202) 267-8783. The Order is also available for inspection at the National Archives and Records Administration (NARA). For information on the availability of FAA Order 7400.11D at NARA, email fedreg.legal@nara.gov or go to https://www.archives.gov/federal-register/cfr/ibr-locations.html.

FOR FURTHER INFORMATION CONTACT: Matthew Van Der Wal, Federal Aviation Administration, Western Service Center, Operations Support Group, 2200 S. 216th Street, Des Moines, WA 98198; telephone (206) 231-3695.

SUPPLEMENTARY INFORMATION:

Authority for this Rulemaking

The FAA’s authority to issue rules regarding aviation safety is found in Title 49 of the United States Code. Subtitle I, Section 106 describes the authority of the FAA Administrator. Subtitle VII, Aviation Programs, describes in more detail the scope of the agency’s authority. This rulemaking is promulgated under the authority described in Subtitle VII, Part A, Subpart I, Section 40103. Under that section, the FAA is charged with prescribing regulations to assign the use of airspace necessary to ensure the safety of aircraft and the efficient use of airspace. This regulation is within the scope of that authority, as it would amend the Class D and Class E airspace at Truckee-Tahoe Airport, Truckee, CA, to support IFR operations at the airport.

Comments Invited

Interested parties are invited to participate in this proposed rulemaking by submitting such written data, views, or arguments, as they may desire. Comments that provide the factual basis supporting the views and suggestions presented are particularly helpful in developing
reasoned regulatory decisions on the proposal. Comments are specifically invited on the overall regulatory, aeronautical, economic, environmental, and energy-related aspects of the proposal. Communications should identify both docket numbers and be submitted in triplicate to the address listed above. Persons wishing the FAA to acknowledge receipt of their comments on this notice must submit with those comments a self-addressed, stamped postcard on which the following statement is made: “Comments to Docket No. FAA-2020-0768; Airspace Docket No. 18-AWP-25”. The postcard will be date/time stamped and returned to the commenter.

All communications received before the specified closing date for comments will be considered before taking action on the proposed rule. The proposal contained in this notice may be changed in light of the comments received. A report summarizing each substantive public contact with FAA personnel concerned with this rulemaking will be filed in the docket.

**Availability of NPRMs**

An electronic copy of this document may be downloaded through the Internet at https://www.regulations.gov. Recently published rulemaking documents can also be accessed through the FAA’s web page at https://www.faa.gov/air_traffic/publications/airspace_amendments/.

You may review the public docket containing the proposal, any comments received, and any final disposition in person in the Dockets Office (see the “ADDRESSES” section for the address and phone number) between 9:00 a.m. and 5:00 p.m., Monday through Friday, except federal holidays. An informal docket may also be examined during normal business hours at the Northwest Mountain Regional Office of the Federal Aviation Administration, Air Traffic Organization, Western Service Center, Operations Support Group, 2200 S. 216th Street, Des Moines, WA 98198.
Availability and Summary of Documents for Incorporation by Reference

This document proposes to amend FAA Order 7400.11D, Airspace Designations and Reporting Points, dated August 8, 2019, and effective September 15, 2019. FAA Order 7400.11D is publicly available as listed in the ADDRESSES section of this document. FAA Order 7400.11D lists Class A, B, C, D, and E airspace areas, air traffic service routes, and reporting points.

The Proposal

The FAA is proposing an amendment to Title 14 Code of Federal Regulations (14 CFR) Part 71 by modifying the Class E airspace at Truckee-Tahoe Airport. The proposal would reduce the dimensions of the Class E airspace areas, designated as an extension to a Class D or Class E surface airspace area. The airspace areas would be described as follows: That airspace extending upward from the surface within 1 mile each side of the 017° bearing from the airport, extending from the 4.2-mile radius of the airport to 9.7 miles north of the airport; and within 1.2 miles west and 0.9 miles east of the 316° bearing from the airport, extending from the 4.2-mile radius of the airport to 8.3 miles northwest of Truckee-Tahoe Airport.

This action also proposes to amend Class E airspace extending upward from 700 feet above the surface. The action proposes to properly size the airspace areas north of the airport and add an area over the airport and an area west of the airport. These areas are designed to contain IFR departures to 1,200 feet above the surface and IFR arrivals descending below 1,500 feet above the surface. These airspace areas would be described as follows: That airspace extending upward from 700 feet above the surface within a 4.2-mile radius of the airport, and within 2 miles each side of the 018° bearing from the airport, extending from 9.7 miles to 11.6 miles north of the airport, and within 1.1 miles each side of the 266° bearing from the airport, extending from
the 4.2-mile radius to 13.5 miles west of the airport, and within 2.7 miles west and 1.9 miles east of the 321° bearing from the airport, extending from 8.3 miles to 14.8 miles northwest of the airport, and within an area beginning at 4.2 miles on the 324° bearing from the airport, then to 6.5 miles on the 324° bearing from the airport, then clockwise within a 6.5-mile radius of the airport to the 008° bearing from the airport, then along the 008° bearing to 4.2 miles, then counterclockwise within a 4.2-mile radius of the airport to the 324° bearing northwest of Truckee-Tahoe Airport.

Lastly, this action proposes an administrative amendment to all of the airspace’s legal descriptions for Truckee-Tahoe Airport. To match the FAA aeronautical database, the airport's geographical coordinates should be updated to lat. 39°19’12’” N., long. 120°08’23’” W.

Class D, E2, E4, and E5 airspace designations are published in paragraphs 5000, 6002, 6004, and 6005, respectively, of FAA Order 7400.11D, dated August 8, 2019, and effective September 15, 2019, which is incorporated by reference in 14 CFR 71.1. The Class E airspace designations listed in this document will be published subsequently in the Order.

FAA Order 7400.11, Airspace Designations and Reporting Points, is published yearly and effective on September 15.

**Regulatory Notices and Analyses**

The FAA has determined that this regulation only involves an established body of technical regulations for which frequent and routine amendments are necessary to keep them operationally current, is non-controversial, and unlikely to result in adverse or negative comments. It, therefore: (1) is not a "significant regulatory action" under Executive Order 12866; (2) is not a "significant rule" under DOT Regulatory Policies and Procedures (44 FR 11034; February 26, 1979); and (3) does not warrant preparation of a regulatory evaluation as the
anticipated impact is so minimal. Since this is a routine matter that will only affect air traffic procedures and air navigation, it is certified that this rule, when promulgated, would not have a significant economic impact on a substantial number of small entities under the criteria of the Regulatory Flexibility Act.

Environmental Review

This proposal will be subject to an environmental analysis in accordance with FAA Order 1050.1F, “Environmental Impacts: Policies and Procedures” prior to any FAA final regulatory action.

List of Subjects in 14 CFR Part 71

Airspace, Incorporation by reference, Navigation (air).

The Proposed Amendment

Accordingly, pursuant to the authority delegated to me, the Federal Aviation Administration proposes to amend 14 CFR part 71 as follows:

PART 71 - DESIGNATION OF CLASS A, B, C, D, AND E AIRSPACE AREAS; AIR TRAFFIC SERVICE ROUTES; AND REPORTING POINTS

1. The authority citation for 14 CFR part 71 continues to read as follows:

§ 71.1 [Amended]

2. The incorporation by reference in 14 CFR 71.1 of FAA Order 7400.11D, Airspace Designations and Reporting Points, dated August 8, 2019, and effective September 15, 2019, is amended as follows:

Paragraph 5000. Class D Airspace

* * * * *
AWP CA D Truckee, CA [Amended]
Truckee-Tahoe Airport, CA
(lat. 39°19’12”’ N., long. 120°08’23”’ W.)

That airspace extending upward from the surface to and including 8,400 feet MSL within a 4.2-mile radius of Truckee-Tahoe Airport. This Class D airspace area is effective during the specific dates and times established in advance by a Notice to Airmen. The effective date and time will thereafter be continuously published in the Chart Supplement.

Paragraph 6002. Class E Airspace Areas Designated as a Surface Area

* * * * *

AWP CA E2 Truckee, CA [Amended]
Truckee-Tahoe Airport, CA
(lat. 39°19’12”’ N., long. 120°08’23”’ W.)

That airspace extending upward from the surface within a 4.2-mile radius of Truckee-Tahoe Airport. This Class E surface area is effective during the specific dates and times established, in advance, by a Notice to Airmen. The effective date and time will thereafter be continuously published in the Chart Supplement.

Paragraph 6004. Class E Airspace Areas Designated as an Extension to a Class D or Class E Surface Area

* * * * *

AWP CA E4 Truckee, CA [Amended]
Truckee-Tahoe Airport, CA
(lat. 39°19’12”’ N., long. 120°08’23”’ W.)

That airspace extending upward from the surface within 1 mile each side of the 017º bearing from the airport, extending from the 4.2-mile radius of the airport to 9.7 miles north of the airport; and within 1.2 miles west and 0.9 miles east of the 316º bearing from the airport, extending from the 4.2-mile radius of the airport to 8.3 miles northwest of Truckee-Tahoe Airport.

Paragraph 6005. Class E Airspace Areas Extending Upward from 700 feet or more above the Surface of the Earth.

* * * * *

AWP CA E5 Truckee, CA [Amended]
Truckee-Tahoe Airport, CA
That airspace extending upward from 700 feet above the surface within a 4.2-mile radius of the airport, and within 2 miles each side of the 018º bearing from the airport, extending from 9.7 miles to 11.6 miles north of the airport, and within 1.1 miles each side of the 266º bearing from the airport, extending from the 4.2-mile radius to 13.5 miles west of the airport, and within 2.7 miles west and 1.9 miles east of the 321º bearing from the airport, extending from 8.3 miles to 14.8 miles northwest of the airport, and within an area beginning at 4.2 miles on the 324º bearing from the airport, then to 6.5 miles on the 324º bearing from the airport, then clockwise within a 6.5-mile radius of the airport to the 008º bearing from the airport, then along the 008º bearing to 4.2 miles, then counterclockwise within a 4.2-mile radius of the airport to the 324º bearing northwest of Truckee-Tahoe Airport.
