SECURITIES AND EXCHANGE COMMISSION
[Release No. 34-89710; File No. SR-LTSE-2020-14]

Self-Regulatory Organizations; Long-Term Stock Exchange, Inc.; Notice of Filing and Immediate Effectiveness of a Proposed Rule Change to Temporarily Suspend the Application of Order Price Collars in Rule 11.190(f)(1) Until September 8, 2020

August 28, 2020.

Pursuant to Section 19(b)(1) of the Securities Exchange Act of 1934 (the “Act”)¹, and Rule 19b-4 thereunder,² notice is hereby given that on August 28, 2020, Long-Term Stock Exchange, Inc. (“LTSE” or the “Exchange”) filed with the Securities and Exchange Commission (the “Commission”) the proposed rule change as described in Items I and II below, which Items have been prepared by the self-regulatory organization. The Commission is publishing this notice to solicit comments on the proposed rule change from interested persons.

I. Self-Regulatory Organization’s Statement of the Terms of Substance of the Proposed Rule Change

LTSE proposes to temporarily suspend until September 8, 2020, the provisions of Rule 11.190(f)(1) pending further systems development work.

The text of the proposed rule change is available at the Exchange’s website at <https://longtermstockexchange.com/>, at the principal office of the Exchange, and at the Commission’s Public Reference Room.

II. Self-Regulatory Organization’s Statement on the Purpose of, and Statutory Basis for, the Proposed Rule Change

In its filing with the Commission, the self-regulatory organization included statements concerning the purpose of, and basis for, the proposed rule change and discussed any comments it

received on the proposed rule change. The text of these statements may be examined at the places specified in Item IV below. The self-regulatory organization has prepared summaries, set forth in Sections A, B, and C below, of the most significant aspects of such statements.

A. Self-Regulatory Organization's Statement on the Purpose of, and the Statutory Basis for, the Proposed Rule Change³

1. Purpose

LTSE Rule 11.190(f)(1) prevents an incoming order or order resting on the Order Book, including those marked ISO, from executing at a price outside the Order Collar price range (i.e., prevents buy orders from trading at prices above the collar and prevents sell orders from trading at prices below the collar). The Order Collar price range is calculated using the numerical guidelines for clearly erroneous executions ("CEE").⁴ Under Rule 11.190(f)(1), executions are permitted at prices within the Order Collar price range, inclusive of the boundaries. Thus, Rule 11.190(f)(1) seeks to prevent an execution that would otherwise be handled under the CEE procedures.

The Exchange is set to become operational on August 28, 2020.⁵ However, the automated processes to set the Order Collar price range pursuant to Rule 11.190(f)(1) are not yet fully operational and it is anticipated that they will not be fully operational when the Exchange launches. Therefore, to ensure the Exchange operates in conformity with its Rule Book, the

Exchange proposes to temporarily suspend Rule 11.190(f)(1) until September 8, 2020, pending further systems development work. The Exchange will continue to work diligently to finalize the implementation of the Order Collar price range as described in Rule 11.190(f)(1).

Additionally, the Exchange will inform its Members of the proposed rule change in a Regulatory Information Circular.

2. Statutory Basis

The Exchange believes that the proposed rule change is consistent with the provisions of Section 6 of the Act,⁶ in general, and furthers the objectives of Section 6(b)(5) of the Act,⁷ in particular, in that it is designed to prevent fraudulent and manipulative acts and practices, promote just and equitable principles of trade, to foster cooperation and coordination with persons engaged in facilitating transactions in securities, to remove impediments to and perfect the mechanism of a free and open market and a national market system and, in general, to protect investors and the public interest.

The Order Collar provisions of Rule 11.190(f)(1) are a prophylactic measure to prevent trade executions outside of certain price bands. The Exchange has in effect other provisions to address trade executions at prices outside of these price bands, such as Rule 11.270 (Clearly Erroneous Executions). Additionally, Rule 11.281 (Limit-Up Limit-Down) prevents trades in NMS Stocks from occurring outside specified price bands.⁸ The Exchange further notes that

⁷ 15 U.S.C. 78f(b)(5).

⁸ Rule 11.281 was adopted under the LULD Plan, see Securities Exchange Act Release No. 85623 (April 11, 2019), 84 FR 16086 (April 17, 2019), and is designed to prevent trades in NMS Stocks from occurring outside specified price bands, which are set at a percentage level above and below the average reference price of a security over the preceding five-minute period.

other national securities exchanges operate without order price collars during their regular, continuous market trading sessions.⁹ Moreover, the proposed rule change would only suspend the application of Rule 11.190(f) for a short period of time during which the Exchange will only be offering trading in a limited number of securities.¹⁰ After that time, the Exchange expects to implement Rule 11.190(f)(1).

B. Self-Regulatory Organization's Statement on Burden on Competition

The Exchange does not believe that the proposed rule change will result in any burden on competition that is not necessary or appropriate in furtherance of the purposes of the Act. The proposed change is not designed to address any competitive issue, but rather would provide the public and market participants with clarity and certainty regarding the operations of the Exchange. Additionally, the proposed rule change would not be an inappropriate burden on intramarket competition as it would be applied equally to all Members. It also is not a burden on intermarket competition as other exchange similarly operate without order price collars.

C. Self-Regulatory Organization's Statement on Comments on the Proposed Rule Change Received from Members, Participants, or Others

Written comments were neither solicited nor received.

III. Date of Effectiveness of the Proposed Rule Change and Timing for Commission Action

Because the foregoing proposed rule change does not: (i) significantly affect the protection of investors or the public interest; (ii) impose any significant burden on competition; and (iii) become operative for 30 days from the date on which it was filed, or such shorter time as the

Commission may designate, it has become effective pursuant to Section 19(b)(3)(A) of the Act¹¹ and Rule 19b-4(f)(6) thereunder.¹²

A proposed rule change filed pursuant to Rule 19b-4(f)(6) under the Act¹³ normally does not become operative for 30 days after the date of its filing. However, Rule 19b-4(f)(6)(iii)¹⁴ permits the Commission to designate a shorter time if such action is consistent with the protection of investors and the public interest. The Exchange has asked the Commission to waive the 30-day operative delay so that the proposed rule change may become operative immediately. According to the Exchange, waiver of the 30-day operative delay provisions will avoid the disruption associated with delaying the commencement of trading on the Exchange, which is anticipated to occur on August 28, 2020. The Exchange believes that the proposed rule change does not significantly affect the protection of investors or the public interest or impose a significant burden on competition because it is designed to temporarily suspend application of a prophylactic rule and that the proposed rule change does not impose any burden on Members or market participants. The Commission believes that waiving the 30-day operative delay is consistent with the protection of investors and the public interest, as doing so will ensure that the rule change becomes operative on the day that LTSE commences trading on the Exchange.

¹¹ 15 U.S.C. 78s(b)(3)(A).

¹² 17 CFR 240.19b-4(f)(6). In addition, Rule 19b-4(f)(6)(iii) requires a self-regulatory organization to give the Commission written notice of its intent to file the proposed rule change, along with a brief description and text of the proposed rule change, at least five business days prior to the date of filing of the proposed rule change, or such shorter time as designated by the Commission. The Commission has waived the five business day notification requirement for this proposed rule change.

¹³ 17 CFR 240.19b-4(f)(6).

¹⁴ 17 CFR 240.19b-4(f)(6)(iii).

Accordingly, the Commission hereby waives the operative delay and designates the proposed rule change operative upon filing.¹⁵

At any time within 60 days of the filing of the proposed rule change, the Commission summarily may temporarily suspend such rule change if it appears to the Commission that such action is necessary or appropriate in the public interest, for the protection of investors, or otherwise in furtherance of the purposes of the Act. If the Commission takes such action, the Commission shall institute proceedings to determine whether the proposed rule change should be approved or disapproved.

IV. Solicitation of Comments

Interested persons are invited to submit written data, views, and arguments concerning the foregoing, including whether the proposed rule change is consistent with the Act. Comments may be submitted by any of the following methods:
