DEPARTMENT OF TRANSPORTATION

Federal Aviation Administration

14 CFR Part 71

[Docket No. FAA-2020-0549; Airspace Docket No. 20-ACE-11]

RIN 2120-AA66

Amendment of Class E Airspace; Harper, KS

AGENCY: Federal Aviation Administration (FAA), DOT.

ACTION: Final rule.

SUMMARY: This action amends the Class E airspace extending upward from 700 feet above
the surface at Harper Municipal Airport, Harper, KS. This action is the result of an airspace
review due to the decommissioning of the Anthony VHF omni-directional range (VOR)
navigation aid as part of the VOR Minimum Operational Network (MON) Program.

DATES: Effective 0901 UTC, November 5, 2020. The Director of the Federal Register approves
this incorporation by reference action under Title 1 Code of Federal Regulations part 51, subject
to the annual revision of FAA Order 7400.11 and publication of conforming amendments.

ADDRESSES: FAA Order 7400.11E, Airspace Designations and Reporting Points, and
subsequent amendments can be viewed online at https://www.faa.gov/air_traffic/publications/.
For further information, you can contact the Airspace Policy Group, Federal Aviation
Administration, 800 Independence Avenue, SW, Washington, DC 20591; telephone: (202) 267-
8783. The Order is also available for inspection at the National Archives and Records
Administration (NARA). For information on the availability of FAA Order 7400.11E at NARA,
email: fedreg.legal@nara.gov or go to https://www.archives.gov/federal-register/cfr/ibr-
locations.html.
FOR FURTHER INFORMATION CONTACT: Jeffrey Claypool, Federal Aviation
Administration, Operations Support Group, Central Service Center, 10101 Hillwood Parkway,
Fort Worth, TX 76177; telephone (817) 222-5711.

SUPPLEMENTARY INFORMATION:

Authority for this Rulemaking

The FAA’s authority to issue rules regarding aviation safety is found in Title 49 of the
United States Code. Subtitle I, Section 106 describes the authority of the FAA Administrator.
Subtitle VII, Aviation Programs, describes in more detail the scope of the agency’s authority.
This rulemaking is promulgated under the authority described in Subtitle VII, Part A, Subpart I,
Section 40103. Under that section, the FAA is charged with prescribing regulations to assign the
use of airspace necessary to ensure the safety of aircraft and the efficient use of airspace. This
regulation is within the scope of that authority as it amends the Class E airspace extending
upward from 700 feet above the surface at Harper Municipal Airport, Harper, KS, to support
instrument flight rule operations at this airport.

History

The FAA published a notice of proposed rulemaking in the FEDERAL REGISTER (85
FR 37598; June 23, 2020) for Docket No. FAA-2020-0549 to amend the Class E airspace
extending upward from 700 feet above the surface at Harper Municipal Airport, Harper, KS.
Interested parties were invited to participate in this rulemaking effort by submitting written
comments on the proposal to the FAA. No comments were received.

Class E airspace designations are published in paragraph 6005 of FAA Order 7400.11E,
dated July 21, 2020, and effective September 15, 2020, which is incorporated by reference in 14
CFR 71.1. The Class E airspace designations listed in this document will be published
subsequently in the Order.
Availability and Summary of Documents for Incorporation by Reference

This document amends FAA Order 7400.11E, Airspace Designations and Reporting Points, dated July 21, 2020, and effective September 15, 2020. FAA Order 7400.11E is publicly available as listed in the ADDRESSES section of this document. FAA Order 7400.11E lists Class A, B, C, D, and E airspace areas, air traffic service routes, and reporting points.

The Rule

This amendment to Title 14 Code of Federal Regulations (14 CFR) part 71 amends the Class E airspace extending upward from 700 feet above the surface to within a 6.4-mile (reduced from a 7.4-mile) radius of Harper Municipal Airport, Harper, KS; removes the Anthony VORTAC and associated extensions from the airspace legal description; removes the exclusion boundary, as it is no longer needed; and adds an extension 2 miles each side of the 175° bearing from the airport extending from the 6.4-mile radius to 10.1 miles south of the airport.

This action is due to an airspace review caused by the decommissioning of the Anthony VOR, which provided navigation information for the instrument procedures this airport, as part of the VOR MON Program.

FAA Order 7400.11, Airspace Designations and Reporting Points, is published yearly and effective on September 15.

Regulatory Notices and Analyses

The FAA has determined that this regulation only involves an established body of technical regulations for which frequent and routine amendments are necessary to keep them operationally current, is non-controversial and unlikely to result in adverse or negative comments. It, therefore: (1) is not a "significant regulatory action" under Executive Order 12866; (2) is not a "significant rule" under DOT Regulatory Policies and Procedures (44 FR 11034; February 26, 1979); and (3) does not warrant preparation of a regulatory evaluation as the
anticipated impact is so minimal. Since this is a routine matter that only affects air traffic
procedures and air navigation, it is certified that this rule, when promulgated, does not have a
significant economic impact on a substantial number of small entities under the criteria of the
Regulatory Flexibility Act.

**Environmental Review**

The FAA has determined that this action qualifies for categorical exclusion under the
National Environmental Policy Act in accordance with FAA Order 1050.1F, “Environmental
Impacts: Policies and Procedures,” paragraph 5-6.5.a. This airspace action is not expected to
cause any potentially significant environmental impacts, and no extraordinary circumstances
exist that warrant preparation of an environmental assessment.

**Lists of Subjects in 14 CFR Part 71**

Airspace, Incorporation by reference, Navigation (air).

**Adoption of the Amendment**

In consideration of the foregoing, the Federal Aviation Administration amends 14 CFR
part 71 as follows:

**PART 71 --DESIGNATION OF CLASS A, B, C, D, AND E AIRSPACE AREAS; AIR
TRAFFIC SERVICE ROUTES; AND REPORTING POINTS**

1. The authority citation for part 71 continues to read as follows:

*Authority: 49 U.S.C. 106(f), 106(g); 40103, 40113, 40120; E.O. 10854, 24 FR 9565, 3 CFR, 1959-1963 Comp., p. 389.*

§ 71.1 [Amended]

2. The incorporation by reference in 14 CFR 71.1 of FAA Order 7400.11E, Airspace
Designations and Reporting Points, dated July 21, 2020, and effective September 15, 2020, is
amended as follows:
Paragraph 6005. Class E Airspace Areas Extending Upward from 700 feet or More Above the Surface of the Earth.

* * * * *

ACE KS E5 Harper, KS [Amended]
Harper Municipal Airport, KS
(lat. 37°16′41″N., long. 98°02′37″W.)

That airspace extending upward from 700 feet above the surface within a 6.4-mile radius of Harper Municipal Airport, and within 2 miles each side of the 175° bearing from the airport extending from the 6.4-mile radius to 10.1 miles south of the airport.

Issued in Fort Worth, Texas, on August 31, 2020.

Martin A. Skinner,
Acting Manager, Operations Support Group,
ATO Central Service Center.
