DEPARTMENT OF TRANSPORTATION

Federal Aviation Administration

14 CFR Part 71

[Docket No. FAA-2020-0701; Airspace Docket No. 20-ASO-19]

RIN 2120-AA66

Proposed Establishment of Class D and Class E Airspace and Proposed Amendment of Class E Airspace; Nashville, TN

AGENCY: Federal Aviation Administration (FAA), DOT.

ACTION: Notice of proposed rulemaking (NPRM).

SUMMARY: This action proposes to establish Class D and Class E airspace designated as an extension to Class D or E surface area, and amend Class E airspace extending upward from 700 feet above the surface for John C. Tune Airport, Nashville, TN, as a new air traffic control tower shall service the airport. This action would also update the geographic coordinates of the airport, as well as Sumner County Regional Airport, and Lebanon Municipal Airport, and Murfreesboro Municipal Airport. In addition, this action would establish Class E airspace extending upward from 700 feet above the surface for Vanderbilt University Hospital Heliport, as instrument approaches have been designed for the heliport. Controlled airspace is necessary for the safety and management of instrument flight rules (IFR) operations in the area.

DATES: Comments must be received on or before [INSERT DATE 45 DAYS AFTER THE DATE OF PUBLICATION IN THE FEDERAL REGISTER].

ADDRESSES: Send comments on this proposal to: the U.S. Department of Transportation, Docket Operations, 1200 New Jersey Avenue SE, West Building Ground Floor, Room W12-140, Washington, DC 20590-0001; Telephone: (800) 647-5527, or (202) 366-9826. You must identify the Docket No. FAA-2020-0701; Airspace Docket No. 20-ASO-19, at the beginning of your comments. You may also submit comments through the internet at <https://www.regulations.gov>.

FAA Order 7400.11D, Airspace Designations and Reporting Points, and subsequent amendments can be viewed on line at https://www.faa.gov/air_traffic/publications/. For further information, you can contact the Airspace Policy Group, Federal Aviation Administration, 800 Independence Avenue, SW, Washington, DC, 20591; Telephone: (202) 267-8783. The Order is also available for inspection at the National Archives and Records Administration (NARA). For information on the availability of FAA Order 7400.11D at NARA, email fedreg.legal@nara.gov or go to <https://www.archives.gov/federal-register/cfr/ibr-locations.html>.

FOR FURTHER INFORMATION, CONTACT: John Fornito, Operations Support Group, Eastern Service Center, Federal Aviation Administration, 1701 Columbia Avenue, College Park, GA 30337; Telephone (404) 305-6364.

SUPPLEMENTARY INFORMATION:

Authority for this Rulemaking

The FAA's authority to issue rules regarding aviation safety is found in Title 49 of the United States Code. Subtitle I, Section 106 describes the

authority of the FAA Administrator. Subtitle VII, Aviation Programs, describes in more detail the scope of the agency's authority. This rulemaking is promulgated under the authority described in Subtitle VII, Part A, Subpart I, Section 40103. Under that section, the FAA is charged with prescribing regulations to assign the use of airspace necessary to ensure the safety of aircraft and the efficient use of airspace. This regulation is within the scope of that authority as it would establish Class D and Class E airspace, and amend Class E airspace for John C. Tune Airport, and establish Class E airspace for Vanderbilt University Hospital Heliport, Nashville, TN, to support IFR operations in the area.

Comments Invited

Interested persons are invited to comment on this proposed rulemaking by submitting such written data, views, or arguments, as they may desire.

Comments that provide the factual basis supporting the views and suggestions presented are particularly helpful in developing reasoned regulatory decisions on the proposal. Comments are specifically invited on the overall regulatory, aeronautical, economic, environmental, and energy-related aspects of the proposal.

Communications should identify both docket numbers (Docket No. FAA-2020-0701 and Airspace Docket No. 20-ASO-19) and be submitted in triplicate to DOT Docket Operations (see "ADDRESSES" section for the address and phone number). You may also submit comments through the internet at <https://www.regulations.gov>.

Persons wishing the FAA to acknowledge receipt of their comments on this action must submit with those comments a self-addressed stamped postcard on which the following statement is made: "Comments to FAA Docket No. FAA-2020-0701; Airspace Docket No. 20-ASO-19". The postcard will be date/time stamped and returned to the commenter.

All communications received before the specified closing date for comments will be considered before taking action on the proposed rule. The proposal contained in this document may be changed in light of the comments received. All comments submitted will be available for examination in the public docket both before and after the comment closing date. A report summarizing each substantive public contact with FAA personnel concerned with this rulemaking will be filed in the docket.

Availability of NPRMs

An electronic copy of this document may be downloaded through the internet at <http://www.regulations.gov>. Recently published rulemaking documents can also be accessed through the FAA's web page at https://www.faa.gov/air_traffic/publications/airspace_amendments/.

You may review the public docket containing the proposal, any comments received and any final disposition in person in the Dockets Office (see the ADDRESSES section for address and phone number) between 9:00 a.m. and 5:00 p.m., Monday through Friday, except federal holidays. An informal docket may also be examined between 8:00 a.m. and 4:30 p.m., Monday through Friday, except federal holidays at the office of the Eastern

Service Center, Federal Aviation Administration, Room 350, 1701 Columbia Avenue, College Park, GA 30337.

Availability and Summary of Documents for Incorporation by Reference

This document proposes to amend FAA Order 7400.11D, Airspace Designations and Reporting Points, dated August 8, 2019, and effective September 15, 2019. FAA Order 7400.11D is publicly available as listed in the ADDRESSES section of this document. FAA Order 7400.11D lists Class A, B, C, D, and E airspace areas, air traffic service routes, and reporting points.

The Proposal

The FAA proposes an amendment to Title 14 Code of Federal Regulations (14 CFR) part 71 to establish Class D and Class E airspace designated as an extension to Class D airspace for John C. Tune Airport, Nashville, TN, as a new air traffic control tower shall service the airport. Also, the FAA proposes to increase the existing Class E airspace extending upward from 700 feet above the surface, from 8-miles to 8.6-miles, due to a reevaluation of the airspace. In addition, the FAA proposes to update the geographic coordinates of the airport, as well as Sumner County Regional Airport, and Lebanon Municipal Airport, and Murfreesboro Municipal Airport, to coincide with the FAA's aeronautical database. Also, the FAA proposes to establish Class E airspace extending upward from 700 feet above the surface for Vanderbilt University Hospital Heliport, as instrument approaches have been designed for the heliport.

Class D and Class E airspace designations are published in Paragraphs 5000, 6004, and 6005, respectively, of FAA Order 7400.11D, dated August 8, 2019, and effective September 15, 2019, which is incorporated by reference in 14 CFR 71.1. The Class E airspace designations listed in this document will be published subsequently in the Order.

FAA Order 7400.11, Airspace Designations and Reporting Points, is published yearly and effective on September 15.

Regulatory Notices and Analyses

The FAA has determined that this proposed regulation only involves an established body of technical regulations for which frequent and routine amendments are necessary to keep them operationally current. It, therefore: (1) is not a “significant regulatory action” under Executive Order 12866; (2) is not a “significant rule” under DOT Regulatory Policies and Procedures (44 FR 11034; February 26, 1979); and (3) does not warrant preparation of a Regulatory Evaluation as the anticipated impact is so minimal. Since this is a routine matter that will only affect air traffic procedures and air navigation, it is certified that this proposed rule, when promulgated, will not have a significant economic impact on a substantial number of small entities under the criteria of the Regulatory Flexibility Act.

Environmental Review

This proposal will be subject to an environmental analysis in accordance with FAA Order 1050.1F, “Environmental Impacts: Policies and Procedures” prior to any FAA final regulatory action.

Airspace, Incorporation by reference, Navigation (air).

The Proposed Amendment

In consideration of the foregoing, the Federal Aviation Administration proposes to amend 14 CFR part 71 as follows:

PART 71 -DESIGNATION OF CLASS A, B, C, D, AND E AIRSPACE AREAS; AIR TRAFFIC SERVICE ROUTES; AND REPORTING POINTS

1. The authority citation for part 71 continues to read as follows:

Authority: 49 U.S.C. 106(f), 106(g); 40103, 40113, 40120; E.O. 10854, 24 FR 9565, 3 CFR, 1959-1963 Comp., p. 389.

§71.1 [Amended]

2. The incorporation by reference in 14 CFR 71.1 of Federal Aviation Administration Order 7400.11D, Airspace Designations and Reporting Points, dated August 8, 2019, and effective September 15, 2019, is amended as follows:

Paragraph 5000. Class D Airspace.

* * * * *

ASO TN D Nashville, TN [New]

John C. Tune Airport, TN

(lat. 36°10'59"W"N., long. 86°53'11"W.)

That airspace extending upward from the surface to and including 2,300 feet MSL, within a 4.1-mile radius of John C. Tune Airport. This Class D airspace area is effective during the specific dates and times established in advance by a Notice to Airmen. The effective date and time will thereafter be continuously published in the Chart Supplement.

Paragraph 6004. Class E Airspace Designated as an Extension to Class D or E Surface Area.

* * * * *

ASO TN E4 Nashville, TN [New]

John C. Tune Airport, TN

(lat. 36°10'59"W"N., long. 86°53'11"W.)

That airspace extending upward from the surface within 1.2-miles each side of the 198° bearing from the airport, extending from the 4.1-mile radius to 6.1-miles south of the airport, and within 1.2-miles each side of the 018° bearing from the airport, extending from the 4.1-mile radius to 6.1-miles north of the airport.

Paragraph 6005. Class E Airspace Areas Extending Upward from 700 feet or More Above the Surface of the Earth.

* * * * *

ASO TN E5 Nashville, TN [Amended]

Nashville International Airport, TN

(lat. 36°07'28"N., long. 86°40'41"W.)

Smyrna Airport

(lat. 36°00'32"N., long. 86°31'12"W.)

Sumner County Regional Airport

(lat. 36°22'30"N., long. 86°24'30"W.)

Lebanon Municipal Airport

(lat. 36°11'25"N., long. 86°18'56"W.)

Murfreesboro Municipal Airport

(lat. 35°52'43"N., long. 86°22'39"W.)

John C. Tune Airport

(lat. 36°10'59"N., long. 86°53'11"W.)

Vanderbilt University Medical Center Hospital

Point In Space Coordinates

(lat. 36°08'30"N., long. 86°48'6"W.)

That airspace extending upward from 700 feet above the surface within a 15 mile radius of Nashville International Airport, and within a 9-mile radius of Smyrna Airport, and within a 7-mile radius of Sumner County Regional Airport,

and within a 10-mile radius of Lebanon Municipal Airport, and within a 9-mile radius of Murfreesboro Municipal Airport, and within an 8.6-mile radius of John C. Tune Airport, and that airspace within a 6-mile radius of the Point In Space serving Vanderbilt University Medical Center Hospital.

Issued in College Park, Georgia, on **September 2, 2020**.
