
Rule 15c2-7 places disclosure requirements on broker-dealers who have correspondent relationships, or agreements identified in the rule, with other broker-dealers. Whenever any such broker-dealer enters a quotation for a security through an inter-dealer quotation system, Rule 15c2-7 requires the broker-dealer to disclose these relationships and agreements in the manner required by the rule. The inter-dealer quotation system must also be able to make these disclosures public in association with the quotation the broker-dealer is making.

When rule 15c2-7 was adopted in 1964, the information it requires was necessary for execution of the Commission’s mandate under the Securities Exchange Act of 1934 to prevent fraudulent, manipulative and deceptive acts by broker-dealers. In the absence of the information
collection required under Rule 15c2-7, investors and broker-dealers would have been unable to accurately determine the market depth of, and demand for, securities in an inter-dealer quotation system.

There are approximately 3,647 broker-dealers registered with the Commission. Any of these broker-dealers could be potential respondents for Rule 15c2-7, so the Commission is using that figure to represent the number of respondents. Rule 15c2-7 applies only to quotations entered into an inter-dealer quotation system, such as the OTC Bulletin Board (“OTCBB”), or OTC Link, operated by OTC Markets Group Inc. (“OTC Link”) or the electronic trading platform operated by Global OTC. According to representatives of OTC Link, Global OTC and the OTCBB, none of those entities has recently received, or anticipates receiving any Rule 15c2-7 notices. However, because such notices could be made, the Commission estimates that one filing is made annually pursuant to Rule 15c2-7.

Based on prior industry reports, the Commission estimates that the average time required to enter a disclosure pursuant to the rule is .75 minutes, or 45 seconds. The Commission sees no reason to change this estimate. We estimate that impacted respondents spend a total of .0125 hours per year to comply with the requirements of Rule 15c2-7 (1 notice (x) 45 seconds/notice).

Written comments are invited on: (a) whether the proposed collection of information is necessary for the proper performance of the functions of the Commission, including whether the information shall have practical utility; (b) the accuracy of the Commission's estimates of the burden of the proposed collection of information; (c) ways to enhance the quality, utility, and clarity of the information collected; and (d) ways to minimize the burden of the collection of information on respondents, including through the use of automated collection techniques or
other forms of information technology. Consideration will be given to comments and suggestions submitted in writing within 60 days of this publication.

An agency may not conduct or sponsor, and a person is not required to respond to, a collection of information under the PRA unless it displays a currently valid OMB control number.
