1606 Corp CEO Greg Lambrecht joins Proactive's Natalie Stoberman to share how the company's Brio Nutrition line of CBD products has been growing to meet enhanced demand.

Lambrecht says since the acquisition of Brio, the company has secured significant orders from existing accounts and partnered with Cool Blue Distribution to access shelf space in over 800 CBD stores.

Brio is currently fulfilling a \$150,000 order with anticipation of further substantial orders in the near future. Lambrecht adds that to meet this growing demand, the company is ensuring a six-month inventory supply.
