

# Alto Metals fields more broad, high-grade gold at Indominable

DIGITAL ASSET DIRECT BY ALTO METALS LTD

Melbourne, Victoria | December 20, 2022 04:30 PM Eastern Standard Time

Alto Metals Ltd (ASX:AME) managing director Matt Bowles chats with Proactive about the latest gold hits from the Indominable Camp in WA. The reverse circulation rig has intersected broad, high-grade gold beyond the mineral resource envelope, priming Alto for an update in 2023's March quarter. Beyond Indominable, the explorer has also completed drilling at the historical Oroya gold mine, which previously generated more than 200,000 ounces of gold at 16 g/t.
