

Applied Insight Celebrates Second Consecutive Year in the Top Tier of Washington Area's Fastest Growing Companies

NEWS RELEASE BY APPLIED INSIGHT

WASHINGTON | November 05, 2020 08:30 AM Eastern Standard Time

Applied Insight, a market leader in solving complex technology challenges for federal government customers, announced today that it has joined the top 50 of Fastest Growing Companies in the Washington area, as ranked by the Washington Business Journal. The company has been placed at No. 47 on the Fast 75 list, a jump of 22 places since 2019. The list is based on average percent revenue growth between 2017 and 2019.

"It is a great honor to be recognized as one of the top 50 fastest growing companies in the Greater Washington area," said **Dede Dascalu**, CEO of Applied Insight. "It's a clear demonstration of the rapid growth we're achieving with our proprietary cloud technologies that are in high demand from public sector customers, particularly during these challenging times. Our **Altitude Managed Cloud** and **SHIFT** technologies are transforming our customers' ability to enable remote teams to work at scale within the most sensitive environments. We're proud to have such a positive mission impact and will continue to invest to bring the latest cloud security and productivity innovations to more customers throughout the federal community."

Applied Insight delivers advanced cloud, cybersecurity, analytics and mission IT solutions to intelligence, defense and federal civilian agencies. The company has a strong track record of developing game-changing technologies and services for customers that need to achieve rapid improvements in mission performance.

The company has won several honors for its proprietary cloud solutions, including Government Innovation Awards for Altitude and SHIFT in 2019 and 2020, respectively. Applied Insight has also been recognized as one of the top cybersecurity firms and top government technology contractors in the region by the Washington Business Journal in 2019 and 2020.
