## **AUTODOC Is Top App To Shop For Car Parts**

When it comes to buying car parts, one app stands above the rest in the UK.

While AutoTrader finished first on the list of car shopping apps, it doesn't sell car parts.

For that, auto enthusiasts have a different solution.

AUTODOC has emerged as the best app to shop for car parts, according to a recent study.

When combining its Android and Apple Store downloads, AUTODOC was the second-most popular car and car part shopping app with 442,550 downloads.
