

Avicanna completes first international export of cannabis seeds between Colombia and Spain

NEWS RELEASE BY AVICANNA INC

Toronto | February 07, 2023 12:14 PM Eastern Standard Time

Avicanna CEO Aras Azadian joined Proactive's Natalie Stoberman to discuss the completion of its first export of feminized cannabis seeds to Spain.

Azadian said the company's majority-owned Colombian subsidiary, Santa Marta Golden Hemp SAS, sent its first commercial export of feminized cannabis seeds to Spain.

The seeds are part of the Aureus portfolio of products which also includes proprietary genetics in the form of feminized seeds, cannabinoid extracts and purified compounds including CBD, CBG and THC.
