

Azure Minerals days away from testing priority lithium targets

NEWS RELEASE BY AZURE MINERALS LTD

Melbourne, Victoria | May 25, 2023 01:00 PM Eastern Daylight Time

Azure Minerals Ltd (ASX:AZS) MD Tony Rovira tells Proactive the company has received heritage survey clearances allowing it to proceed to the next stage of a lithium-focused exploration drilling program at the Andover Project in the West Pilbara region of Western Australia. Priority targets include AP0005, AP0006, AP0009, AP0010, AP0011 and AP0012. Track preparations and drill pad establishment are underway with two reverse circulation rigs already on site.
