Branded Group Founder and CEO Michael Kurland recently announced that his company has been **certified as a great workplace** by the independent analysts at **Great Place to Work®** for the third consecutive year. The company, once again, secured this merit from its team who provided positive feedback and ratings via an anonymous survey. A summary of these ratings can be found [here](#).

“Branded Group is honored to be certified as a Great Place to Work,” Michael Kurland, Branded Group CEO, said. “Over eight-percent of our team ranked us high in dimensions such as credibility, fairness, respect, and camaraderie. We take great pride in this esteemed certification.”

The entire Branded Group team completed the comprehensive survey, responding to questions about company culture, health and wellness benefits, and opportunities for advancement. A full one hundred percent of the organization’s workforce noted that they are proud of how the company gives back to the community.

Branded Group employees also gave the company high marks for its business practices, senior management, and employee engagement. New hires (94%) specifically noted how welcomed they felt upon joining the BeBetter team.
