DraftKings Betting Site Review for Pennsylvania

DraftKings is one of the biggest names in sports betting in the United States, and for a good reason. They burst onto the scene as one of the optimum destinations for daily fantasy sports, offering daily competitions on the NFL, NBA, MLB, NHL, and more, before launching its first online sportsbook in New Jersey in 2018. This means players with a DraftKings account can place sports betting wagers, create multi-game or same-game parlays, or play various fantasy sports tournaments depending on their daily preferences. With more than a decade of services behind them, there is good reason for DraftKings to be one of North America's most trusted and respected sports betting operators.

Details of Super Bowl

Super Bowl LVII kicks off on February 12, 2023, at 6:30 pm EST at the State Farm Stadium in Glendale, Arizona. As previously mentioned, this match will be contested by the Kansas City Chiefs

and Philadelphia Eagles in what will be the first time the two franchises have met in the Super Bowl. Rihanna will perform in the highly-anticipated halftime show.

Kansas City Chiefs

This is the third time in five years that the Chiefs have reached the super bowl after winning the AFC Championship. As a result, quarterback Patrick Mahomes (widely regarded by many as the best player in the NFL) has the opportunity to become the first player to win the league MVP and Super Bowl in the same season since 1999, when Kurt Warner achieved the feat. The Chiefs finished with the best record in the AFC at 14-3 during the regular season before defeating the Jacksonville Jaguars and Cincinnati Bengals at Arrowhead Stadium to progress to this stage.

Philadelphia Eagles

This will be the first time since 2018 that the Philadelphia Eagles have competed in the Super Bowl. Nick Foles was the unlikely hero that season and went on to win Super Bowl MVP as they overcame Tom Brady's New England Patriots and faced another juggernaut at quarterback this time. It's been a stunning season for Philadelphia, who also topped their conference with a 14-3 record after finishing last season with a 9-8 record and a Wild Card Playoff loss on their resume. This time around, however, they enjoyed two emphatic victories in the NFC Playoffs, defeating the New York Giants and San Francisco Giants by 30+ point margins each.
