

Eden Research delivering sustainable alternative to existing seed treatments

DIGITAL ASSET DIRECT BY EDEN RESEARCH PLC

London, UK | May 31, 2023 05:45 AM Eastern Daylight Time

Eden Research PLC (AIM:EDEN, OTCQB:EDNSF) CEO Sean Smith speaks to Thomas Warner from Proactive about the sustainable agriculture company's application for EU authorisation of its new product, Ecovelex. Ecovelex is a seed treatment designed to reduce the amount of seed consumed by birds. Smith says that Ecovelex "provides the same level of efficacy" as the existing seed treatments currently facing regulatory scrutiny.
