

Equity Metals' Silver Queen project records increase in mineral resource estimate

DIGITAL ASSET DIRECT BY EQUITY METALS CORPORATION

New York, New York | December 22, 2022 12:32 PM Pacific Standard Time

Equity Metals' vice-president of exploration Rob Macdonald joins Natalie Stoberman from the Proactive studio to discuss the details behind the increase in the resource estimate for the Silver Queen gold-silver project in British Columbia. The property consists of 45 mineral claims, 17 crown grants, and two surface crown grants totalling 18,852 ha with no underlying royalties.
