

Galileo Mining sees considerable growth opportunity at Callisto

NEWS RELEASE BY GALILEO MINING LTD

Melbourne, Victoria | February 01, 2023 05:00 PM Eastern Standard Time

Galileo Mining Ltd (ASX:GAL) MD Brad Underwood talks Proactive through a new batch of promising assays from recent drilling at the Callisto palladium-platinum-gold-rhodium-copper-nickel discovery at the 100%-owned Norseman Project in Western Australia. He says the results continue to expand the existing footprint of rich sulphide mineralisation at Callisto and demonstrate considerable opportunity for growth.
