

Lightning Minerals spies new lithium anomaly at Dundas South

NEWS RELEASE BY LIGHTNING MINERALS LTD

Melbourne, Victoria | March 31, 2023 03:10 PM Eastern Daylight Time

Lightning Minerals Ltd (ASX:LIM) managing director Alex Biggs is back with Proactive as a new lithium anomaly comes into focus at the Dundas South tenement. Dundas is a stone's throw from Liontown Resources' Buldania asset, and Biggs notes there's growing interest in West Aussie lithium camps amid the global energy revolution. Infill auger sampling and detailed drilling is on the cards for Dundas, and Biggs will update the market as and when the program gets underway.
