

Metatron Releases All-in-One Artificial Intelligence Mobile Apps for iPhone and Android

NEWS RELEASE BY METATRON INC

DOVER, DE | March 27, 2023 09:00 AM Eastern Daylight Time

McCapMediaWire --- Metatron (OTC: **MRNJ**), developer of **Metatron AI.com** an artificial intelligence (AI) content platform, is thrilled to announce the launch of its AI Mobile apps for its natural language chat, digital art and copywriting tools.

MetatronAI apps are available Free for a Limited time, Download Now:

iPhone/iPad: <https://apple.co/3nibweB>

Android: <https://bit.ly/40XOglu>

Our Mobile Apps run on the latest and most powerful AI available including Chat-GPT4 and other cutting edge language models.

According to Allied Market Research, the worldwide market size for mobile artificial intelligence (AI) is projected to increase from \$8.56 billion in 2020 to \$84.80 billion by 2030, with a compound annual growth rate (CAGR) of 26.44% from 2021 to 2030. The global adoption rate for AI has risen by four percentage points to 35% since the previous year, and it is predicted that AI could enhance business productivity by up to 40%.

For a limited time, we're extending our two-week free trial to allow users full access to all our cutting-edge generative AI tools at **MetatronAi.com**. Our all-in-one apps provide advanced features and better tools than most competitors, all at a lower cost. The AI app interface is tailored to business use cases, such as marketing and sales departments, to make writing faster and more efficient. Our latest features include unlimited ad generation, article composition, resume building, professional email and letter writing, royalty-free digital art generation, and professional digital editing, which will be available soon. There's much more to explore!

AI technology is undeniably becoming increasingly vital in numerous industries and is poised to remain a significant contributor to economic growth in the coming decade," remarked Joe Riehl, CEO of Metatron. "Our newly developed mobile apps utilize the full

potential of cutting-edge generative AI, featuring a user-friendly interface that is intuitive even for beginners, while also offering advanced features for power users.”

This press release was written using **MetatronAI.com**, an AI Content Platform that allows creators to harness the power of generative AI anywhere they work or play

Metatron, established in 2009 and traded publicly as OTC: MRNJ, is the developer behind MetatronAI.com, an AI content platform that empowers individuals and teams to amplify their content strategies through AI technology. Having created over 1,000 mobile apps with over 5 million downloads, many of which have ranked in the top 20 on their respective charts, Metatron offers a unique solution. With MetatronAI.com, individual freelancers to enterprise companies' creators can overcome writer's block, repurpose their existing work, generate original images, and adapt their content to various formats and languages.

Forward-Looking Statements: Any statements made in this press release which are not historical facts contain certain forward-looking statements, as such term is defined in the Private Litigation Reform Act of 1995, concerning potential developments affecting the business, prospects, financial condition and other aspects of the company to which this release pertains. These forward-looking statements involve known and unknown risks, uncertainties and other factors that may cause our actual results of the specific items described in this release, and the company's operations generally, to differ materially from what is projected in such forward-looking statements. Although such statements are based upon the best judgments of management of the company as of the date of this release, significant deviations in magnitude, timing and other factors may result from business risks and uncertainties including, without limitation, the company's need for additional financing, which is not assured and which may result in dilution of shareholders, the company's status as a small company with a limited operating history, dependence on third parties and the continuing popularity of the iOS operating system, general market and economic conditions, technical factors, receipt of revenues, and other factors, many of which are beyond the control of the company. Although we

believe that the expectations reflected in the forward-looking statements are reasonable, we cannot guarantee future results, levels of activity, performance, or achievements. Moreover, neither we nor any other person assumes responsibility for the accuracy and completeness of such statements, and we disclaim any obligation to update information contained in any forward-looking statement.
