

MetatronAi.com Launches AI Content Creation Platform with Mobile Apps and Crypto

 **METATRONAI**

NEWS RELEASE BY METATRON INC

DOVER, DE | April 17, 2023 09:00 AM Eastern Daylight Time

McapMediaWire --- Metatron (OTC: **MRNJ**), is thrilled to announce the launch of its revolutionary content creation platform that utilizes advanced artificial intelligence technology to generate high-quality art and copy for content creators. The platform now offers crypto payments as an alternative to traditional credit card payments, providing content creators with a faster, more secure, and cost-effective way to pay for services. **MetatronAi.com** is also available as a mobile app version on the Google and Apple app stores.

The integration of cryptocurrency as a payment method ensures that content creators' sensitive financial information is not shared, providing an extra layer of security and privacy. By providing additional payment options, **MetatronAi** is committed to meeting the diverse needs of its users.

The mobile app versions of the platform offer the same functionality and features as the website and are optimized for mobile devices, allowing content creators to work on the go. MetatronAi's user-friendly interface and intuitive design make it easy for content creators to use, saving them time and effort. Every major AI tool and feature available to the public can be found on our platform, with more added on a regular basis.

With a vast library of templates and assets, **MetatronAi** provides content creators with everything they need to create engaging content, including headlines, product descriptions, ads, reports, graphics, art and soon AI generated videos. The platform's AI-powered technology generates original content tailored to each creator's unique style and preferences.

"Our platform is designed to help content creators work more efficiently and securely," said Joe Riehl the CEO of Metatron. "The integration of crypto payments and the launch of our mobile app versions demonstrate our commitment to providing our users with a seamless and innovative experience."

MetatronAI's goal is to help content creators focus on creating outstanding content that resonates with their audience, while streamlining the content creation process.

MetatronAI apps are available Free for a Limited time:

Forward-Looking Statements: Any statements made in this press release which are not historical facts contain certain forward-looking statements, as such term is defined in the Private Litigation Reform Act of 1995, concerning potential developments affecting the business, prospects, financial condition and other aspects of the company to which this release pertains. These forward-looking statements involve known and unknown risks, uncertainties and other factors that may cause our actual results of the specific items described in this release, and the company's operations generally, to differ materially

from what is projected in such forward-looking statements. Although such statements are based upon the best judgments of management of the company as of the date of this release, significant deviations in magnitude, timing and other factors may result from business risks and uncertainties including, without limitation, the company's need for additional financing, which is not assured and which may result in dilution of shareholders, the company's status as a small company with a limited operating history, dependence on third parties and the continuing popularity of the iOS operating system, general market and economic conditions, technical factors, receipt of revenues, and other factors, many of which are beyond the control of the company. Although we believe that the expectations reflected in the forward-looking statements are reasonable, we cannot guarantee future results, levels of activity, performance, or achievements. Moreover, neither we nor any other person assumes responsibility for the accuracy and completeness of such statements, and we disclaim any obligation to update information contained in any forward-looking statement.
